JOB FAIR BY JKC OF THE COLLEGE

DATE : 10-09-2024

The Department of Computer Science is excited to announce a Job Fair organized by the Jawahar Knowledge Centre of the college. This event aims to connect students with leading tech companies and industry professionals, providing a unique opportunity to explore career options, internships, and networking possibilities. Students will have the chance to participate in on-the-spot interviews, workshops, and resume-building sessions. With representatives from various sectors, including software development, data science, and cybersecurity, this Job Fair is an invaluable opportunity for students to showcase their skills and gain insights into the job market. Don't miss this chance to take a significant step toward your career in technology!

RECEIVED NATIONAL AWARD

DATE;13-09-2024

Sri R. Ramarao, the Vice Principal of the college, was honored with a prestigious national award from Guru Nanak Dev University in Amritsar for his exceptional contributions to social service and educational guidance in the field of education. This recognition underscores his unwavering dedication to fostering academic excellence and his commitment to community support through various initiatives. Throughout his career, Sri Ramarao has worked tirelessly to enhance the educational experience for students, providing mentorship and guidance that have inspired many to reach their full potential. .

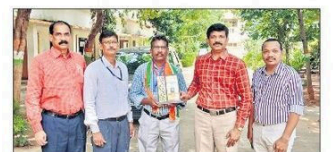

His efforts in promoting social responsibility among students and faculty have created a positive impact not only within the college but also in the surrounding community. The award serves as a testament to his hard work and passion for education, highlighting the critical role of mentorship and community involvement in shaping future leaders. This accolade not only honors his individual achievements but also reflects the collective spirit of the college in striving for excellence and making a meaningful difference in society

COLLEGE ORGANISED AU INTER COLLEGIATE BADMINTON TOURNAMENT CUM SELECTION

DATE : 30-09-2024

Andhra University recently organized an inter-collegiate badminton tournament cum selection event, bringing together talented athletes from various colleges to showcase their skills and compete for a place in the university team. This tournament not only provided a platform for students to demonstrate their athletic prowess but also fostered camaraderie and sportsmanship among participants. The event featured a series of exciting matches, allowing players to compete in singles and doubles categories, while experienced coaches and selectors observed the games to identify promising talents for the university's badminton squad. Beyond the competition, the tournament promoted physical fitness and encouraged students to engage in a healthy lifestyle. By facilitating this event, Andhra University reaffirmed its commitment to nurturing young athletes and promoting sports as an integral part of student life.

MEETING AT IQAC

DATE : 17-09-2024

A staff meeting was recently convened at the IQAC (Internal Quality Assurance Cell) to discuss a range of academic and autonomous matters. The agenda included topics such as curriculum development, examination reforms, faculty training, and strategies to improve the overall academic standards. Autonomous status-related issues, including enhanced academic freedom, syllabus updates, and evaluation mechanisms, were also deliberated. This meeting was crucial for setting goals to improve institutional quality and ensure that both faculty and students benefit from innovative and effective academic practices.

SWACHHATA HI SEVA

DATE : 29-09-2024

The NSS unit of the college conducted "Swachhata Hi Seva," a nationwide campaign aimed at promoting cleanliness and sanitation in the community. This initiative encouraged students to actively participate in various activities that highlighted the importance of hygiene and environmental sustainability.

The program included a series of cleanliness drives, where students collaborated to clean public spaces, local parks, and nearby neighborhoods. Workshops and awareness sessions were organized to educate participants about waste management, recycling, and the health benefits of maintaining a clean environment.

INTENSIFIED IEC CAMPAIGN BY NSS

DATE : 25-09-2024

The NSS unit of the college organized an intensified IEC (Information, Education, and Communication) campaign for 2024 in collaboration with the Sanga Mithra Development Association. This campaign aimed to raise awareness about critical social issues, including health, sanitation, and environmental sustainability. Through a series of workshops, seminars, and interactive sessions, students actively engaged with community members to disseminate valuable information and promote positive behavioral changes. The initiative emphasized the importance of grassroots participation and education in driving social development. By leveraging the expertise of the Sanga Mithra Development Association, the NSS unit sought to empower students and local communities, fostering a sense of responsibility and encouraging proactive involvement in addressing societal challenges. The campaign not only highlighted the significance of awareness but also inspired a collective effort towards creating a healthier and more informed community.

CLEAN AND GREEN PROGRAM BY NSS

DATE : 17-09-2024

The NSS unit of the college conducted a successful Clean and Green program aimed at promoting environmental awareness and sustainability within the campus and the surrounding community. The initiative included activities such as tree planting, campus clean-up drives, and informative sessions on the importance of maintaining a clean environment. Students actively participated, demonstrating their commitment to environmental stewardship and community service. This program not only beautified the campus but also instilled a sense of responsibility among participants, encouraging them to adopt eco-friendly practices in their daily lives. Overall, the initiative reflects the NSS unit's dedication to fostering a cleaner, greener future for all.

AWARENESS ON SWARNANDRA @2047 VISION

DATE : 23-09-2024

Raising awareness about "Swarnandra @2047 Vision" among students focuses on inspiring the youth to contribute to the long-term development goals of Andhra Pradesh as part of India's centenary celebrations of independence in 2047. The vision outlines strategies to transform Andhra Pradesh into a progressive state through advancements in areas such as education, technology, infrastructure, and sustainable development.

During the awareness sessions, students can be introduced to key components of this

vision, such as fostering economic growth,

SWARNANDRA @ 2047 COMPETITIONS

DATE : 16-09-2024

To commemorate "Swarnandra @2047," a series of competitions were organized for students to raise awareness about the vision for Andhra Pradesh by the year 2047. The initiative aimed to inspire students to think about the future of the state, focusing on development, sustainability, and cultural preservation. The competitions included essay writing, poster design, and debates, encouraging students to express their thoughts on how they envision Andhra Pradesh's growth over the next few decades. Faculty members guided participants, ensuring that their presentations were well-researched and reflective of both historical context and future aspirations. This event not only fostered creativity but also engaged students in meaningful discussions about the state's potential transformation by 2047.

FIELD TRIP BY DEPARTMENT OF TELUGU

DATE : 25-09-2024

The Department of Telugu organized an engaging field trip for students, designed to deepen their appreciation for the rich cultural and linguistic heritage of the Telugu language. The excursion took students to various significant sites, such as historical landmarks, traditional art centers, and cultural institutions, where they could observe and interact with the living history of Telugu culture.

During the trip, faculty members guided discussions on the historical significance of each location, emphasizing the evolution of the Telugu language and its literature. Students participated in activities such as workshops on traditional art forms, storytelling sessions, and visits to local libraries or archives, allowing them to connect with the language in a tangible way.

FIELD TRIP BY DEPARTMENT OF ENGLISH

DATE : 26-09-2024

The Department of English recently organized a field trip for students to explore notable areas in Vizag, combining both educational and experiential learning. Faculty members guided the students as they visited historically and culturally significant sites, offering valuable insights into the local heritage. After the field trip, the students were tasked with preparing detailed reports, reflecting on their observations and experiences. The department assisted them in drafting these reports, ensuring that they not only captured the essence of their visit but also honed their skills in analytical writing and research. This initiative provided a practical application of classroom lessons, encouraging students to engage with their environment critically.

FIELD TRIP BY DEPARTMENT OF HISTORY

DATE : 26-09-2024

The Department of History organized an enriching field trip for students to nearby historical sites, aiming to deepen their understanding of the region's cultural heritage and historical significance. This hands-on experience allowed students to explore landmarks firsthand, including ancient temples, forts, and archaeological sites, fostering a greater appreciation for the narratives that shaped their history.

During the trip, faculty members guided discussions on the architectural styles, historical contexts, and social implications of each site, encouraging students to connect theoretical knowledge with real-world applications. Students actively participated in group activities, such as site analysis and presentations, which helped them develop critical thinking and research skills.

FIELD TRIP BY DEPARTMENT ECONOMICS

DATE : 25-09-2024

The Department of Economics conducted an insightful field trip for students to a local fishing harbor, providing a unique opportunity to explore the economic dynamics of the fishing industry. This visit aimed to enhance students' understanding of various economic concepts, including resource management, supply chains, and the impact of local industries on the economy. The trip not only enriched their academic knowledge but also fostered critical thinking and a deeper appreciation for the complexities of the fishing sector. Overall, the experience helped bridge the gap between theory and practice, empowering students to apply their learning in real-life contexts while promoting awareness of local economic activities.

BIRTH ANNIVERSARY OF SRI GURAJADA APPARAO

DATE : 21-09-2024

The Department of Telugu celebrated the birth anniversary of the esteemed poet and playwright, Sri Gurajada Apparao, with great enthusiasm and reverence. The event featured engaging discussions on his literary contributions, particularly his role in shaping modern Telugu literature and his pioneering works that advocate social reform. Faculty and students came together to recite his famous poems and plays, reflecting on their relevance in today's society. This celebration not only honored his legacy but also inspired a renewed appreciation for the rich cultural heritage of Telugu literature among the participants.

STUDENT SEMINARS BY DEPT OF TELUGU

DATE : 16-09-2024

The Department of Telugu recently organized student seminars on the topic "Swarnandra@ 2047," focusing on the rich cultural, historical, and literary significance of Andhra Pradesh. The seminars provided students with a platform to explore and present various aspects of the region, from its language and literature to its heritage and contributions to Indian culture. Faculty members guided students through the research process, helping them delve deeper into the subject. The event not only fostered academic growth but also instilled a sense of pride in the students for their regional heritage, making the seminars a valuable learning experience.

STUDENTS PARTICIPATED IN ESSAY WRITING COMPETITIONS

DATE : 30-09-2024

Students actively participated in essay writing competitions conducted by Sri Satya Sai Seva Samiti, showcasing their creativity and critical thinking skills on various socially relevant themes. The competition aimed to encourage young minds to express their thoughts on topics such as community service, ethical values, environmental conservation, and the role of youth in nation-building.

Participants were given a platform to delve into these important issues, allowing them to research, reflect, and articulate their viewpoints effectively. The event fostered healthy competition among students, as they crafted essays that not only highlighted their writing abilities but also demonstrated their understanding of pressing social concerns.

BIRTH ANNIVERSARY OF T.S ELIOT

DATE : 26-09-2024

The Department of English celebrated the birth anniversary of T.S. Eliot, honoring his remarkable contributions to modern literature. The event featured readings of his famous works, discussions on his influence in poetry and drama, and a reflection on how his innovative style reshaped literary traditions. Faculty members and students participated in the celebration, sharing insights into Eliot's complex themes, such as time, memory, and spirituality, making the occasion both educational and inspiring. The event not only highlighted Eliot's legacy but also encouraged a deeper appreciation of modernist literature among the attendees.

WORLD TOURISM DAY

DATE : 27-09-2024

The Department of History and Economics recently celebrated World Tourism Day, highlighting the vital connection between these fields and the tourism sector. This event showcased the historical significance of various destinations and the economic impact of tourism on local and global economies. Through engaging lectures, interactive exhibits, and discussions, participants explored how historical narratives shape tourism experiences and influence economic development. The celebration also emphasized sustainable tourism practices, encouraging a deeper understanding of how preserving cultural heritage can benefit communities economically while fostering a sense of global interconnectedness.

BIRTH ANNIVERSARY OF DENNIS RITCHE

DATE : 09-09-2024

The Department of Computer Science recently celebrated the birth anniversary of Dennis Ritchie, a visionary in the field whose contributions have profoundly shaped modern computing. Known for developing the C programming language and co-creating the Unix operating system, Ritchie's innovations laid the groundwork for countless technologies we rely on today. The celebration featured a series of talks and discussions highlighting his impact on programming and software development, along with a tribute to his legacy. Faculty and students came together to reflect on his work, inspiring a new generation of computer scientists to push the boundaries of technology.

MOCK PLACEMENT PAPER COMPETITION

DATE : 10-09-2024

Winners :

- 1.T.Bhargavi(2nd year)**
- 2.G.Karishma(3rd year)**
- 3.B.Chandrasekhar(3rd year)**
- 3.Lokeswari(3rd year)**

The Department of Computer Science's mock placement paper aims to assess students' technical skills, problem-solving abilities, and general aptitude in a simulated environment. This comprehensive evaluation includes questions on data structures, algorithms, database management, and coding challenges, alongside quantitative and logical reasoning tasks. By engaging in this mock examination, students can identify their strengths and weaknesses, gain familiarity with the types of questions they may encounter during actual placements, and enhance their confidence in tackling real-world challenges in the tech industry.

STUDENTS ENROLLED IN VIRTUAL INTERNSHIP

DATE : 17-09-2024

Final year computer science students have enrolled in a virtual internship organized by Smart Internz in collaboration with the Center for Continuing Education (CCE), providing them with a valuable opportunity to gain practical experience and enhance their skills. This internship program offers hands-on projects and real-world applications, allowing students to apply their theoretical knowledge in a professional context. Participants will benefit from mentorship and interactive sessions, gaining insights into industry practices that will prepare them for future challenges. By engaging in this initiative, students are poised to significantly boost their employability and navigate the competitive job market with greater confidence.

GOOGLE ANNIVERSARY DAY

DATE : 27-09-2024

The Department of Computer Science marked the anniversary of the Google search engine with a special event celebrating its revolutionary impact on technology and information retrieval. Faculty and students participated in interactive sessions that explored the evolution of search engine technology, Google's algorithms, and its role in shaping the modern digital landscape. Discussions also focused on how the search engine has influenced education, research, and daily life. The celebration highlighted the importance of innovation in computing, and students were encouraged to think critically about future technological advancements and their potential to change the world.

The Department of Computer Science recently assigned a project to its students, focusing on the design and development of websites that feature a custom search engine. This project aimed to enhance students' skills in web development, including front-end and back-end technologies, while also giving them a deeper understanding of how search algorithms and custom search functionalities work. By integrating a search engine into their websites, students learned about optimizing search queries, indexing content, and enhancing user experience. The project provided practical, hands-on experience in modern web technologies, preparing them for real-world applications in the field of computer science.

STUDENTS ASSISTED IN CREATION OF NEWSLETTER

DATE : 30-09-2024

Gangadhar and Manidhar, two enthusiastic first-year students, played an integral role in the development of the college's monthly newsletter. Their contributions went beyond simply assisting; they brought fresh ideas, creativity, and a youthful perspective that added value to the content and presentation of the newsletter. Gangadhar, with his keen attention to detail, helped in organizing and structuring the articles, ensuring that the newsletter maintained a professional tone. Manidhar, on the other hand, showcased his creative flair by designing visually appealing layouts and graphics that enhanced the overall aesthetic appeal. Their collaborative effort not only enriched the newsletter but also demonstrated the potential of younger students to take on leadership roles in extracurricular activities. This experience provided them with an opportunity to develop new skills and contribute meaningfully to college life.

PERSONALITY DEVELOPMENT CLASS

DATE;13-09-2024

Sri P.S. Jaggarao, a lecturer in Physics, conducted an insightful personality development class for first-year students, focusing on key skills such as communication, teamwork, and self-confidence. Through engaging discussions and practical exercises, he inspired students to recognize their strengths and address areas for growth. This initiative aims to enhance their interpersonal skills, equipping them for future challenges both academically and personally. By fostering self-awareness and resilience, the class serves as a valuable foundation for their educational journey and overall development.

DELIVERED LECTURE FOR LMS

DATE : 23-09-2024

Sri K. Venkanna, a dedicated lecturer in Physics, delivered an insightful lecture aimed at enhancing Learning Management System (LMS) content for students. His presentation focused on integrating advanced physics concepts with interactive and engaging digital resources, making complex theories more accessible to learners. He emphasized the importance of utilizing multimedia tools, such as simulations and videos, to illustrate fundamental principles and real-world applications of physics. By sharing innovative teaching strategies and practical examples, Sri Venkanna aimed to enrich the LMS platform, fostering an interactive learning environment that encourages student participation and comprehension. His efforts are set to not only improve the quality of educational resources but also enhance the overall learning experience for students in the field of physics.

DELIVERED LECTURE FOR LMS

DATE : 23-09-2024

Sri P.S. Jagga Rao, a knowledgeable lecturer in Physics, delivered an engaging lecture focused on enhancing Learning Management System (LMS) content for students. His presentation aimed to develop a comprehensive understanding of key physics concepts through the effective use of digital tools and resources. He highlighted the importance of integrating interactive elements, such as quizzes, simulations, and multimedia presentations, to facilitate a deeper grasp of complex topics. By demonstrating how to create dynamic and user-friendly LMS modules, Sri Jagga Rao provided valuable insights on optimizing the online learning experience. His commitment to improving educational content not only enhances student engagement but also fosters a collaborative learning environment, encouraging students to explore physics in a more accessible and enjoyable manner.

STUDENT PPT PRESENTATIONS

DATE : 27-09-2024

The Department of Physics conducted an engaging session where students had the opportunity to present their PowerPoint presentations on various topics related to physics. This initiative aimed to encourage students to explore diverse areas within the field, such as quantum mechanics, thermodynamics, electromagnetism, and modern physics, fostering a deeper understanding of complex concepts.

Students were encouraged to research their chosen topics thoroughly, promoting independent learning and critical thinking. The presentations allowed them to showcase their findings, share innovative ideas, and engage their peers in discussions. boost their confidence.

WORLD OZONE DAY (DEPT OF PHYSICS)

DATE : 16-09-2024

The Department of Physics observed World Ozone Day with a series of engaging activities designed to raise awareness about the crucial role of the ozone layer in protecting the Earth from harmful ultraviolet radiation. The event featured informative lectures, interactive discussions, and demonstrations that highlighted the science behind ozone depletion and its environmental implications. Faculty members and students collaborated to explore the latest research and innovations aimed at ozone layer preservation, emphasizing the importance of collective action in addressing this global issue.

BIRTH ANNIVERSARY OF ARTHUR COMPTON

DATE : 10-09-2024

The Department of Physics celebrated the birth anniversary of Arthur Compton, renowned for his groundbreaking work in the field of quantum physics and the discovery of the Compton effect. The event included insightful lectures and discussions that highlighted Compton's contributions to our understanding of X-rays and particle physics. Faculty and students came together to reflect on his legacy and the impact of his research on modern physics, emphasizing the importance of curiosity and innovation in scientific exploration. This celebration not only honored Compton's achievements but also inspired students to pursue their passions in physics and contribute to the ongoing advancements in the field.

DATE : 23-09-2024

The Department of Chemistry observed the birth anniversary of the renowned chemist Dr. Asima Chatterjee with a series of commemorative activities aimed at honoring her significant contributions to the field of chemistry and her role as a pioneer in natural products research. The celebration included informative presentations on her groundbreaking work in medicinal chemistry, particularly her discoveries related to alkaloids and their therapeutic applications. Faculty members and students engaged in discussions about her legacy, emphasizing the importance of her research in developing new pharmaceuticals. The event also featured a documentary showcasing her life and achievements, inspiring future generations of chemists to pursue innovative research and contribute to scientific advancements. By recognizing Dr. Chatterjee's contributions, the department reinforced its commitment to promoting the rich history of women in science and encouraging diversity in the field of chemistry.

WORLD PHARMACISTS DAY

DATE : 25-09-2024

The Department of Chemistry celebrated World Pharmacists Day with a series of informative and engaging activities aimed at raising awareness about the vital role pharmacists play in healthcare. The celebration included guest lectures from esteemed pharmacists and researchers who shared insights into the evolving landscape of pharmaceutical sciences, drug development, and patient care. Students participated in interactive workshops and poster presentations that highlighted key topics such as medication management, pharmaceutical innovations, and the importance of ethical practices in pharmacy.

Additionally, the event featured a discussion on the impact of pharmacists on public health, particularly in managing chronic diseases and promoting health literacy. Through these activities, the department not only honored the contributions of pharmacists but also inspired students to consider careers in pharmacy and related fields. The celebration reinforced the significance of collaboration between chemistry and pharmacy in improving healthcare outcomes and emphasized the ongoing need for education and awareness in the community.

PROCURED SPORTS ITEMS

DATE : 21-09-2024

The Department of Physical Education has successfully procured new sports items to enhance the athletic experience for students and faculty. This acquisition includes a variety of equipment such as basketballs, footballs, cricket gear, and fitness accessories, aimed at promoting a diverse range of sports and physical activities. With these new resources, the department aims to encourage greater participation in sports, improve training facilities, and support students in their pursuit of excellence in athletics. This initiative not only fosters teamwork and healthy competition but also contributes to the overall physical well-being of the university community.
