Meeting of Academic Council

A meeting of the Academic Council was recently held at the IQAC (Internal Quality Assurance Cell) Hall, with officials from Andhra University in attendance. The session focused on discussing key academic matters related to curriculum development, teaching methodologies, and student assessment strategies. The officials from Andhra University provided valuable insights on enhancing the quality of education, promoting research activities, and ensuring academic standards align with the latest trends in higher education. The meeting also included deliberations on academic reforms, student support services, and the integration of modern technology into teaching and learning processes.

A *Job Mela* organized by the Jawahar Knowledge Centre (JKC) in collaboration with the Andhra Pradesh State Skill Development Corporation (APSSDC) was recently held at the college. The event aimed to provide students with valuable opportunities to connect with potential employers and secure jobs in various sectors. A number of reputed companies and organizations participated in the mela, offering job placements across diverse fields, including IT, manufacturing, healthcare, and retail.

Staff Meeting held at IQAC

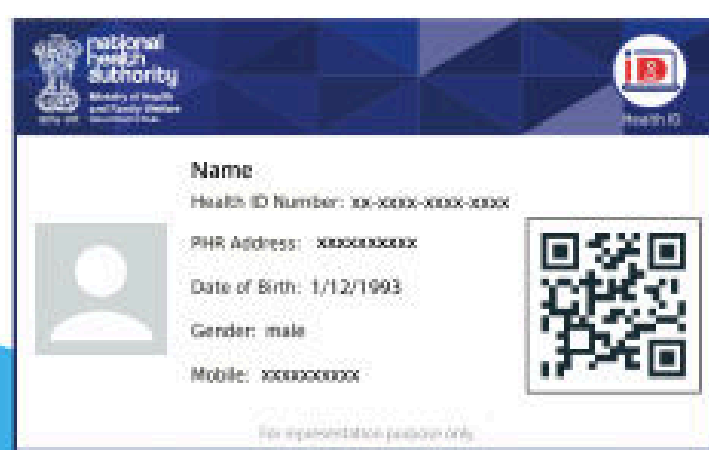

The staff meeting was convened at the IQAC Hall to discuss the preparation of the Board of Studies (BoS) for the academic year 2024-2025, following the college's recent attainment of autonomous status. The meeting brought together faculty members and administrative staff to outline and strategize the development of the curriculum, assessment methods, and academic policies under the new autonomous framework. The discussions emphasized the importance of leveraging this status to enhance academic standards, introduce innovative teaching methodologies, and foster a more flexible and dynamic learning environment. The collaborative efforts during the meeting underscored the college's dedication to academic excellence and its commitment to providing students with a high-quality education that meets contemporary educational standards.

Staff & Students Registered for ABHA Id

ABHA No. (Health ID)

आधार के बाद अब बनाएं आभा आईडी कार्ड

Staff and students of the college have registered for the ABHA (Ayushman Bharat Health Account) ID, an initiative aimed at enhancing access to healthcare services through digital means. The registration will allow them to link their health records to a unique ID, facilitating easy access to medical services and ensuring seamless healthcare management. This step is part of the broader effort to promote digital health solutions and empower individuals to take charge of their health data. The initiative reflects the college's commitment to supporting health and well-being through modern, technology-driven approaches.

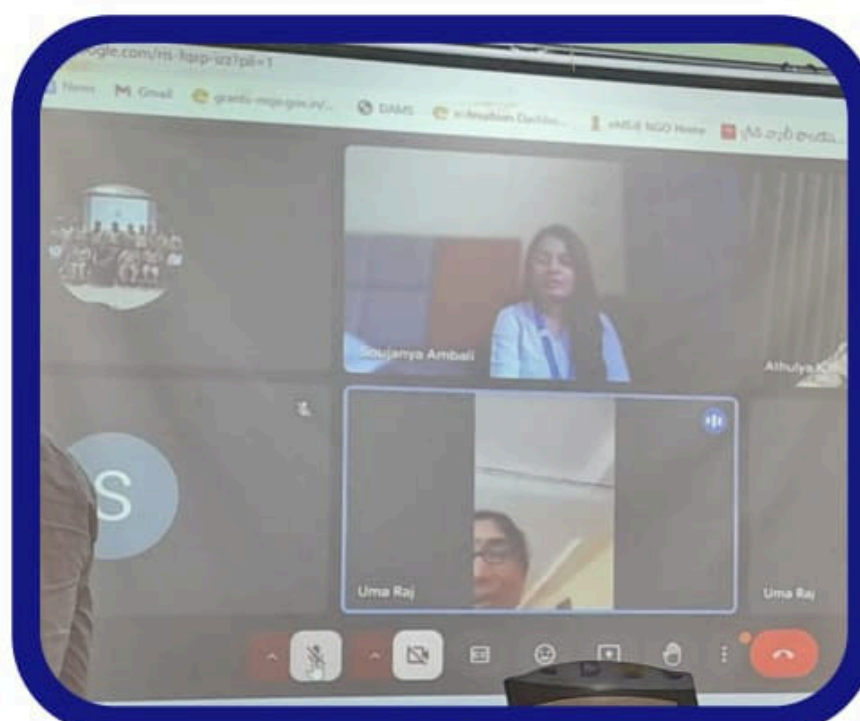

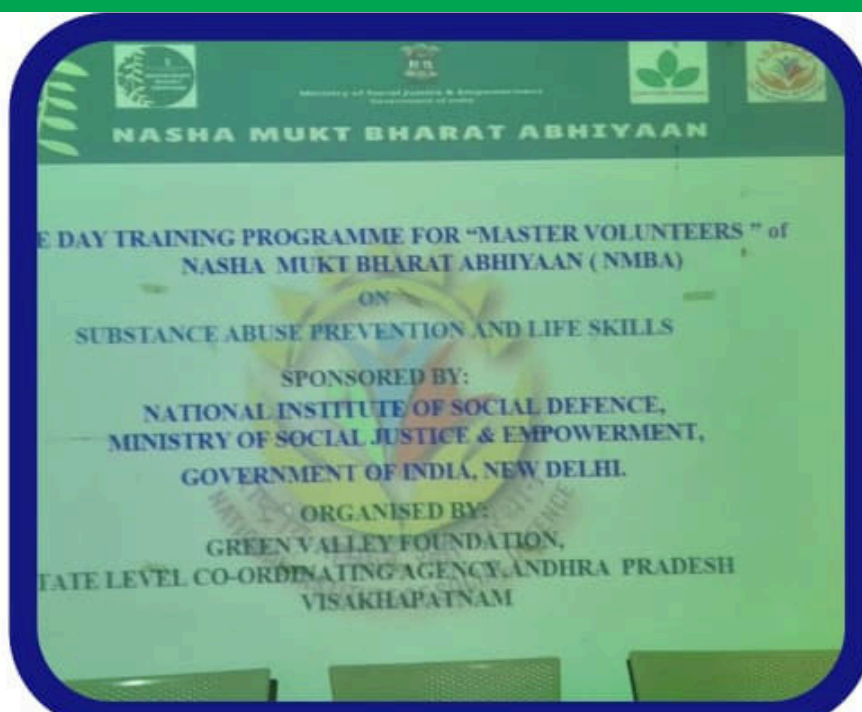

Anti Drugs awareness program by NSS

The Anti-Drugs Awareness Program organized by the National Service Scheme (NSS) aims to educate and inform the public, especially youth, about the harmful effects of drug abuse and addiction. Through workshops, seminars, and campaigns, the program focuses on raising awareness about the physical, mental, and social consequences of drug use. It highlights the importance of making healthy life choices and offers support and guidance to those affected by substance abuse. By engaging students, community members, and local authorities, NSS seeks to build a drug-free environment and promote a culture of well-being.

ONE DAY TRAINING PROGRAM BY NMBA

A one-day training program was organized by the National Master of Business Administration (NMBA) for master volunteers, focusing on enhancing their skills and knowledge. The training aimed at equipping the volunteers with the necessary tools and techniques to effectively assist in various projects and initiatives. The session covered a wide range of topics, including leadership development, communication strategies, and project management, all of which are crucial for the volunteers' roles. This program provided an opportunity for participants to engage in practical learning and to connect with fellow volunteers, fostering a collaborative environment. The training was a valuable step towards empowering volunteers and ensuring they are well-prepared for their responsibilities.

Awarded From Jammu University

Sri R. Rama Rao, Lecturer in Commerce and Vice Principal, received the prestigious Savithri Bai Phule Award from Jammu University in recognition of his significant contributions to the field of education. This honor highlights his dedication, leadership, and efforts in fostering academic excellence. The award celebrates his impactful role in shaping the educational landscape and inspiring students and colleagues alike. Sri Rama Rao's commitment to the advancement of education has been instrumental in the success of numerous initiatives within the college, and this recognition further underscores his remarkable achievements in the educational domain.

Promoted as The Principal

Dr. K. Sudha, Lecturer in Hindi, has been promoted to the position of Principal at Government Degree College, Marripalem. This well-deserved promotion recognizes her exceptional leadership, dedication to education, and significant contributions to the academic community. As a Principal, Dr. Sudha is poised to lead the institution with a focus on academic excellence, student welfare, and faculty development. Her experience and commitment to the field of education will undoubtedly bring positive changes and inspire both students and staff alike at the college.

Nominated as Member of BOS

Sri K. Prema Sagar, Lecturer in English, has been nominated as a member of the Board of Studies (BOS) in recognition of his expertise and contribution to the academic community. As a member of the BOS, he will play a crucial role in shaping the curriculum, syllabi, and academic policies for the department. His experience in teaching, combined with his deep understanding of the English language and literature, will be instrumental in ensuring that the educational programs align with contemporary academic standards and address the evolving needs of students. This nomination reflects his commitment to academic excellence and his dedication to enhancing the quality of education in the institution.

Nominated as Member of BOS

Dr. K. Sujatha, Lecturer in Zoology, has been nominated as a member of the Board of Studies (BOS), a prestigious recognition of her academic expertise and contributions to the field of zoology. As a member of the BOS, Dr. Sujatha will be actively involved in reviewing and developing the curriculum, syllabi, and academic policies for the Zoology department. Her extensive knowledge in the field, along with her commitment to advancing scientific education, will help ensure that the department's programs stay current, comprehensive, and aligned with the latest research trends. Dr. Sujatha's nomination underscores her dedication to academic excellence and her pivotal role in shaping the future of education in the institution.

Attended as BOS Member

Dr. K. Sudha, Lecturer in Hindi, attended as a member of the Board of Studies (BOS) at Government Degree College for Women, Srikakulam. In this role, she actively contributed to discussions and decision-making regarding the curriculum and academic programs for the Hindi department. Her participation in the BOS meeting reflects her commitment to improving educational standards and ensuring the relevance of the curriculum to current trends in language and literature. Dr. Sudha's involvement in shaping the academic framework at the institution highlights her expertise and dedication to the field of Hindi education.

Approved as Nodal Center by Value Virtual Labs

Nodal Centre Approval Letter

Ref No :AMVLNC24164

Date: 10-10-2024

To
The Principal
SGA Government Degree College
Yellamanchili , Anakapalli(Dst)- 531055

Dear Sir/Madam,

With reference to the Expression of Interest for a virtual lab nodal centre from **SGA Government Degree College**, it gives us immense pleasure to designate your institute as a Nodal Center for Virtual Labs. Sri. K. Venkanna and Dr.K. Sujatha has been nominated as the nodal coordinator from your institute. This approval is valid up to one year and is subject to the terms and conditions attached and any subsequent directives as issued by MoE.

We thank you again for your interest in the virtual lab project and appreciate your endeavor in the service of students community. Wishing you all the best!

The college has achieved a significant milestone by being approved as a Nodal Center by Value Virtual Labs, an initiative by Amrita Vishwa Vidyapeetham (Amrita University). This prestigious recognition reflects the institution's commitment to advancing practical and innovative learning experiences for its students. As a Nodal Center, the college will facilitate virtual laboratory experiments, providing students and faculty access to cutting-edge resources and simulation tools. This initiative aims to bridge the gap between theoretical knowledge and practical application, enabling students to explore various scientific and engineering concepts interactively. This recognition underscores the college's dedication to fostering technology-driven education and enhancing the overall learning environment, aligning with the vision of creating a future-ready academic ecosystem.

Participated in Residential training programme

Sri R. Ramarao, Lecturer in Commerce and Vice Principal, participated in a 5-day residential training program on "Entrepreneurship Development" conducted by the Commissionerate of College Education (CCE) in collaboration with NI-MSME (National Institute for Micro, Small, and Medium Enterprises). The program aimed at equipping educators with the necessary skills and knowledge to foster entrepreneurial mindset and development among students. Through interactive sessions, case studies, and hands-on training, participants gained valuable insights into the processes of entrepreneurship, from ideation to execution. Sri Ramarao's participation in this training reflects his commitment to enhancing entrepreneurial awareness and guiding students towards innovative career paths.

Participated in One Week FDP

Sri K. Venkanna, a dedicated lecturer in Physics, actively participated in a one-week Faculty Development Program (FDP) on "Material Characterization and Optimization." This program was organized by CVR College of Engineering and focused on enhancing knowledge and skills in the field of advanced material sciences.

During the FDP, Sri K. Venkanna engaged in interactive sessions, workshops, and expert lectures designed to provide insights into the latest advancements in material characterization techniques and optimization methods. His participation highlights his commitment to professional growth and staying updated with emerging trends in his discipline.

Such initiatives not only enrich his teaching methodologies but also benefit the students at his institution, as he integrates cutting-edge knowledge into the classroom. His efforts demonstrate a proactive approach to fostering academic excellence and contributing to the field of Physics.

Participated in NEP -2020 Orientation & Sensitization Programme

Dr. K. Vijaya Lakshmi, Lecturer in Botany, participated in the NEP-2020 Orientation & Sensitization Programme. This program aimed at familiarizing educators with the key features and objectives of the National Education Policy (NEP) 2020, focusing on its impact on curriculum, teaching methodologies, and student-centered learning. Dr. Vijaya Lakshmi's participation reflects her commitment to staying updated with the latest educational reforms and incorporating them into her teaching practices. By attending this orientation, she is better equipped to contribute to the successful implementation of NEP-2020 in her department, fostering a progressive and holistic learning environment.

Won Gold Medals in AU Badminton championships

The Men's and Women's Badminton Teams of the college have made the institution proud by winning the Gold Medal in the Andhra University Inter-Collegiate Badminton Championship. This remarkable achievement reflects the dedication, hard work, and skill of the players, as well as the guidance and support provided by their coaches. Both teams showcased exceptional talent and teamwork throughout the tournament, overcoming tough competition to secure the top position. Their victory not only highlights the sportsmanship of the college but also serves as an inspiration to other students, encouraging them to excel in extracurricular activities alongside academics.

Won Bronze Medal

The Andhra University Men's Badminton Team has won the bronze medal in the South Zone Inter-University Badminton Championship, which was held at SRM University, Chennai, from 26th October to 29th October 2024. Out of seven players five are from the college. This outstanding achievement showcases the team's skill, teamwork, and determination in a highly competitive environment. Their performance in the championship has brought pride to Andhra University, and the bronze medal reflects their hard work and dedication to the sport. The team's success serves as an inspiration to other athletes and highlights the growing strength of sports at the university level.

Students selected to participate in University Badminton teams

Ten students from the college, out of the 12 selected by Andhra University, have been chosen to represent the university in the upcoming South Zone Inter-University Badminton Championship. The competition will be held in two phases: the men's team will compete in the last week of October, while the women's team will participate in the second week of November, at YTU Belgaum, Karnataka. This selection is a significant achievement, showcasing the outstanding talent and dedication of the college's badminton players. It reflects their hard work and commitment to excellence in the sport. Representing Andhra University at such a prestigious event is not only an honor for the students but also highlights the college's strong emphasis on fostering sporting excellence. The entire college community is proud of their achievement and wishes them the best of luck in the upcoming championship.

Secured Runners Trophy

The Kabaddi men's team of the college has secured the Runners-up trophy in the Andhra University Inter-Collegiate Men's Kabaddi Championship for the academic year 2024-25. This impressive achievement reflects their dedication, skill, and teamwork throughout the tournament. Despite strong competition, the team displayed exceptional performance and resilience, making it to the finals and earning the well-deserved second position. Their accomplishment has brought pride to the college, showcasing their hard work and commitment to excellence in sports. The college community congratulates the team on their outstanding performance and looks forward to even greater success in the future.

Mens Kabaddi Team Reached Finals

The Kabaddi men's team of the college has achieved a remarkable milestone by reaching the finals of the Andhra University Inter-Collegiate Kabaddi Tournament for the academic year 2024-25. This outstanding performance is a testament to their dedication, teamwork, and exceptional skills on the field. Competing against some of the best teams from colleges under Andhra University, the team showcased resilience and strategic gameplay throughout the tournament. Their journey to the finals has brought immense pride to the institution and serves as an inspiration for other students to pursue excellence in sports. The college community extends heartfelt congratulations to the team and wishes them the very best for the final match. Their determination and hard work are sure to leave a lasting legacy in the institution's sports history.

Team selected to participate in AU Championship

The Kabaddi team of the college has been selected to participate in the prestigious inter-collegiate competitions organized by Andhra University, Visakhapatnam. This event serves as a platform for showcasing the talent, teamwork, and sportsmanship of students from various institutions. The team has undergone rigorous training under the guidance of skilled coaches, honing their strategies and physical fitness to compete at this high level. Representing the college at such a significant event is a matter of pride and reflects the institution's dedication to encouraging sports alongside academics. The college community extends its best wishes to the Kabaddi team, hoping they achieve remarkable success and bring laurels to the institution.

CHATTISGARH,

DR. PRATHIBHA SHARMA
RAJASTHAN

DR. KARRI SUDHA
CONVENOR

The Department of Hindi successfully organized a National Webinar, bringing together scholars, educators, and students from across the country to discuss and deliberate on significant themes in Hindi language and literature. This online event served as a platform for intellectual exchange, fostering a deeper understanding of Hindi's cultural and academic relevance. The webinar featured eminent speakers who shared their expertise on various topics, including contemporary trends in Hindi literature, its role in national integration, and the evolving linguistic landscape. Participants engaged in insightful discussions, enhancing their appreciation of the richness and versatility of the Hindi language. The Department of Hindi's initiative in hosting this event underscores its dedication to promoting linguistic heritage and encouraging scholarly dialogue, contributing to the academic enrichment of the participants and the institution.

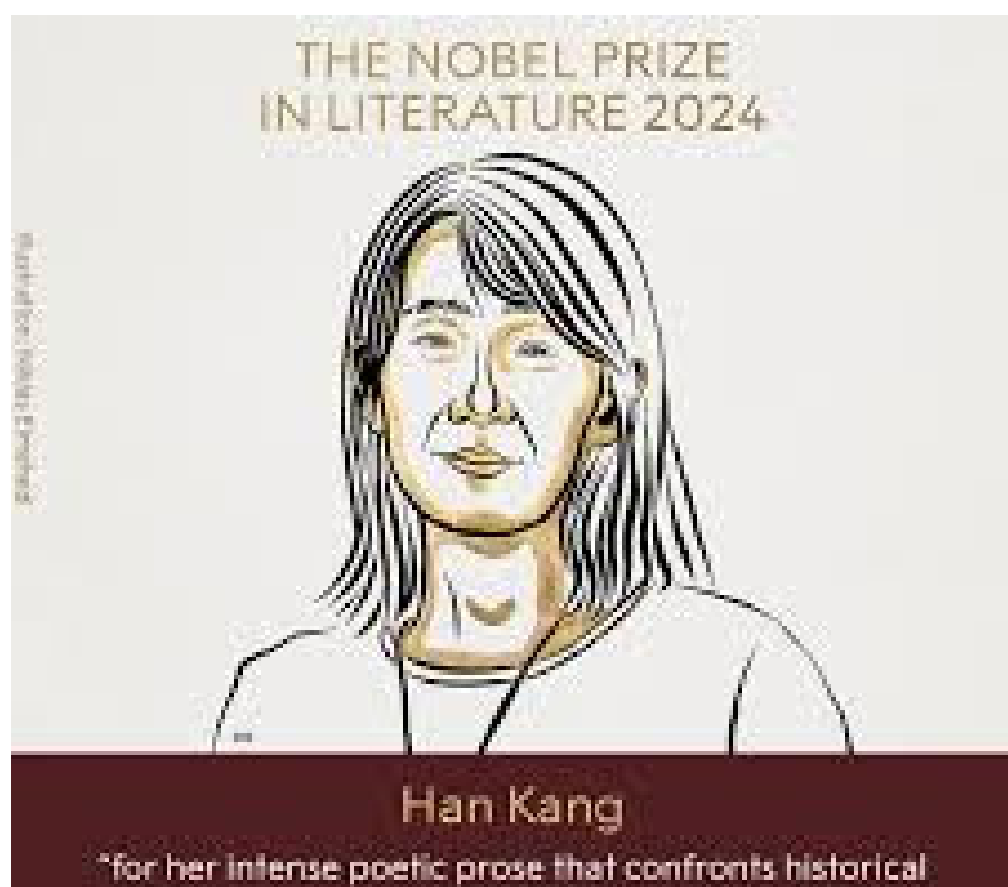

Extension Lecture

Dr. K. Sudha, Lecturer in Hindi, delivered an extension lecture at Government Degree College for Women, Srikakulam. The lecture focused on enhancing students' understanding of Hindi literature and language. Dr. Sudha shared her expertise on various aspects of Hindi, including its cultural significance, literary evolution, and contemporary trends. The session provided students with valuable insights into the rich heritage of Hindi literature and its importance in the academic and professional realms. Her engaging and informative lecture was well-received by the audience, fostering a deeper appreciation for the language and encouraging students to pursue further studies in Hindi.

Celebrated Noble Prize Winner in English

The Department of English celebrated Han Kang, the South Korean writer and Nobel Laureate in Literature, on 21st October 2024. The event honored her remarkable contributions to literature, particularly her unique storytelling style and exploration of complex human emotions. The celebration included discussions on her acclaimed works, such as *The Vegetarian* and *Human Acts*, which delve into themes of identity, suffering, and resilience. Faculty and students engaged in insightful dialogues about her literary techniques and the cultural significance of her works. The event aimed to inspire students to explore diverse literary voices and deepen their appreciation for contemporary global literature.

State level Webinar by Department of Botany

The Department of Botany recently organized a state-level webinar on the topic "Women and Finance," aimed at empowering and educating women about financial literacy and independence. The webinar brought together experts from the fields of finance and women's empowerment to discuss key issues such as budgeting, investment strategies, financial planning, and overcoming barriers women often face in managing their finances. Participants were provided with valuable insights into the importance of financial knowledge for personal and professional growth. The session also highlighted the role of women in the financial sector and how they can take charge of their economic well-being.

Classes using ICT by Department of Botany

The Department of Botany recently conducted a class using Information and Communication Technology (ICT) to enhance the learning experience for students. By integrating digital tools such as interactive presentations, virtual labs, and multimedia resources, the department was able to provide a more engaging and effective learning environment. ICT-enabled methods allowed students to visualize complex botanical concepts, such as plant structures, processes like photosynthesis, and ecological interactions, through simulations and 3D models. Additionally, the use of online resources and e-learning platforms facilitated collaborative learning, allowing students to access materials at their convenience and engage in discussions with their peers and professors.

Yoga Session in Leisure Hours

The Department of Botany conducted yoga sessions during leisure hours to promote physical and mental well-being among students and staff. These sessions focused on various yoga practices, including breathing exercises, stretches, and relaxation techniques, aimed at reducing stress and improving concentration. The initiative was well-received, providing participants with a much-needed break from their academic routine and encouraging a healthier lifestyle. By integrating yoga into the daily schedule, the department aimed to foster a balanced approach to both academic and personal well-being, helping individuals enhance their focus, flexibility, and overall health.

Lab Sessions by Dept. of Botany

The Department of Botany conducted lab sessions for students, providing hands-on experience and practical learning in various aspects of botany. These sessions allowed students to apply theoretical knowledge gained in lectures to real-life experiments, such as plant dissection, microscopy, and identification of plant species. The lab work was designed to enhance students' understanding of plant biology, ecology, and genetics, while also developing their skills in scientific observation and data analysis. The interactive and engaging nature of the lab sessions helped students gain valuable insights into the practical aspects of botany, reinforcing their academic learning.

Student Seminars by Dept. of Botany

The Department of Botany conducted student seminars, providing a platform for students to showcase their knowledge and research in the field of botany. These seminars encouraged students to explore various topics, from plant biology to environmental sustainability, and present their findings to peers and faculty. The initiative not only enhanced students' presentation and communication skills but also promoted critical thinking and deeper understanding of botanical concepts. Faculty members guided the students throughout the preparation process, ensuring that the seminars contributed to both academic growth and personal development.

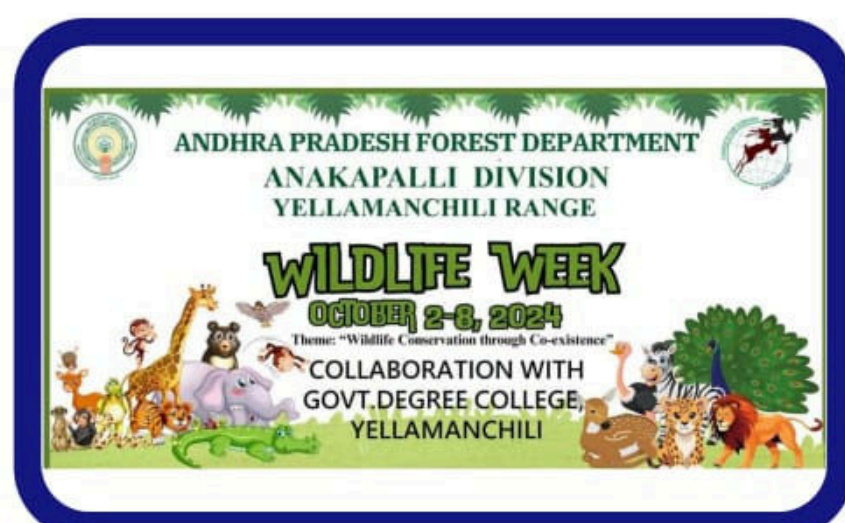

World Fungus Day

The Department of Botany observed ****World Fungi Day**** to raise awareness about the ecological importance and diversity of fungi. The day was marked by a series of educational activities, including lectures, presentations, and interactive sessions that highlighted the role of fungi in ecosystems, their medicinal and industrial applications, and their significance in biodiversity. Students were engaged in discussions about the various types of fungi, their life cycles, and their contributions to fields like agriculture, medicine, and environmental sustainability. The event aimed to foster a deeper understanding of fungi, which are often overlooked despite their critical roles in nature. By observing World Fungi Day

WILD LIFE WEEK by Department of Zoology

The Department of Zoology recently conducted a ****Wildlife Week**** in collaboration with the Andhra Pradesh Forest Department to raise awareness about wildlife conservation and the importance of protecting biodiversity. The event featured a series of activities aimed at educating students about the significance of wildlife and their role in preserving natural habitats. One of the key highlights of the week was a ****Quiz Competition****, organized for the students, which tested their knowledge of various species, ecosystems, and conservation efforts.

Birth Anniversary of A.P.J Abdul Kalam

The Department of Physics observed the birth anniversary of Dr. A.P.J. Abdul Kalam, the renowned scientist and former President of India, with great reverence and respect. The occasion was marked by a series of activities aimed at honoring his contributions to science, technology, and nation-building. Faculty and students gathered to reflect on his inspiring life, his vision for India's development, and his role in advancing the Indian space and missile programs. Various events, including speeches, presentations, and discussions on his legacy, were organized to instill the values of hard work, innovation, and dedication in students. This observance served as a reminder of Dr. Kalam's immense influence on the field of science and his enduring impact on the future of the country.

Birth Anniversary of Dr S.Chandrasekhar

The Department of Physics observed the birth anniversary of Dr. S. Chandrasekhar with great respect and admiration. Dr. Chandrasekhar, a renowned astrophysicist, made significant contributions to our understanding of stars, black holes, and the evolution of the universe. The department organized a series of lectures, presentations, and discussions to commemorate his work and legacy. Faculty members and students gathered to reflect on Dr. Chandrasekhar's contributions to science, his profound insights into astrophysics, and his Nobel Prize-winning theories. This observance provided an opportunity for participants to deepen their appreciation of Dr. Chandrasekhar's contributions and inspired students to continue exploring the mysteries of the cosmos.

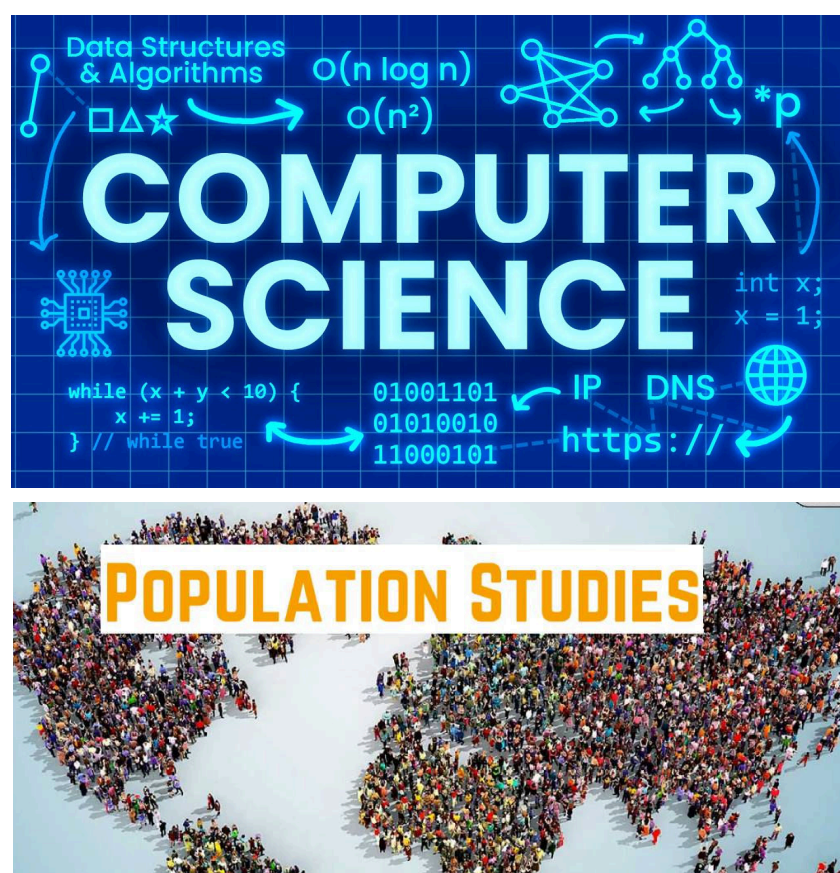

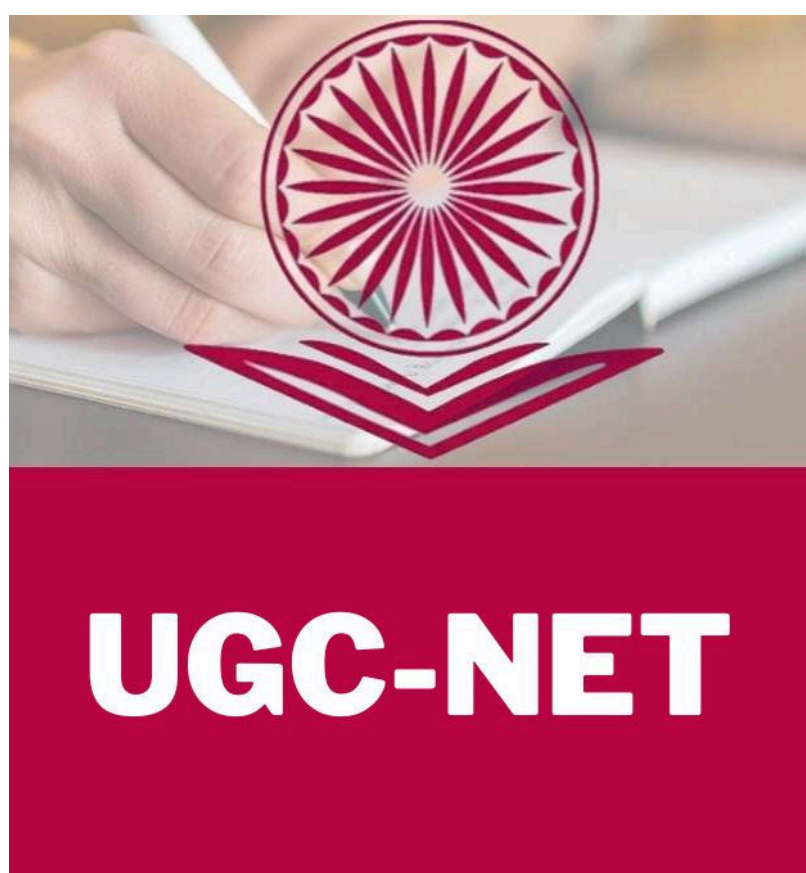

Celebrated Noble Prize Winners in Chemistry

The Department of Chemistry celebrated the Nobel Prize winners of 2024, honoring their groundbreaking contributions to the field of science. The event featured discussions on the achievements of the laureates, focusing on their innovative research and its global impact. Faculty and students participated in sessions that highlighted the significance of the discoveries and their relevance to modern chemistry. This celebration not only acknowledged the laureates' success but also served as an inspiration to students, encouraging them to pursue excellence in research and innovation. The department's initiative fostered an academic environment that values the pursuit of knowledge and scientific advancement.

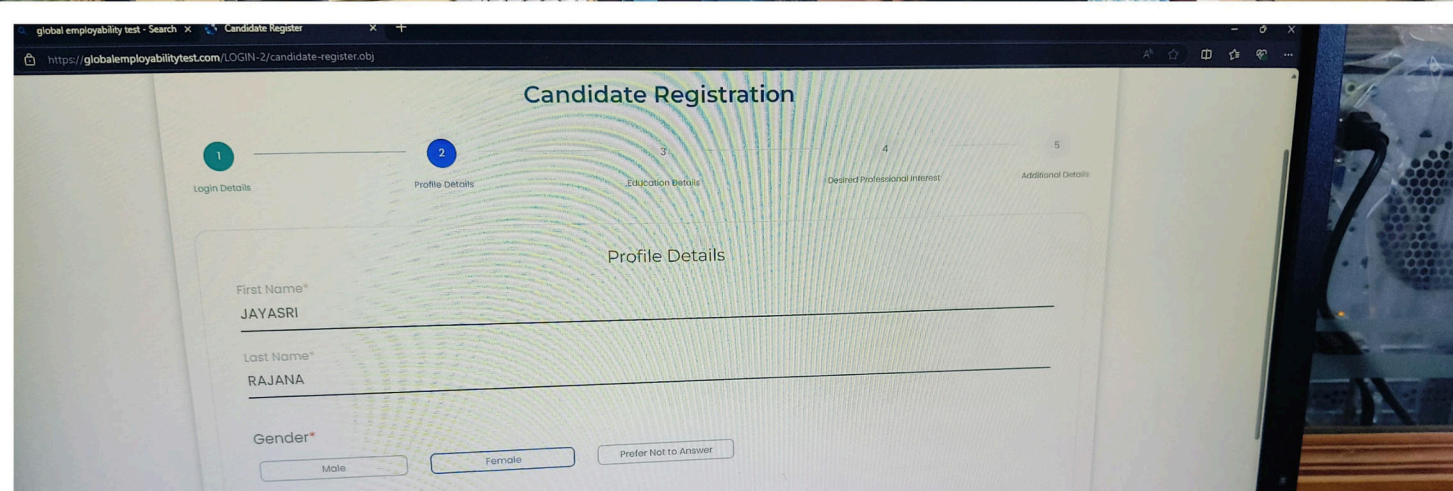

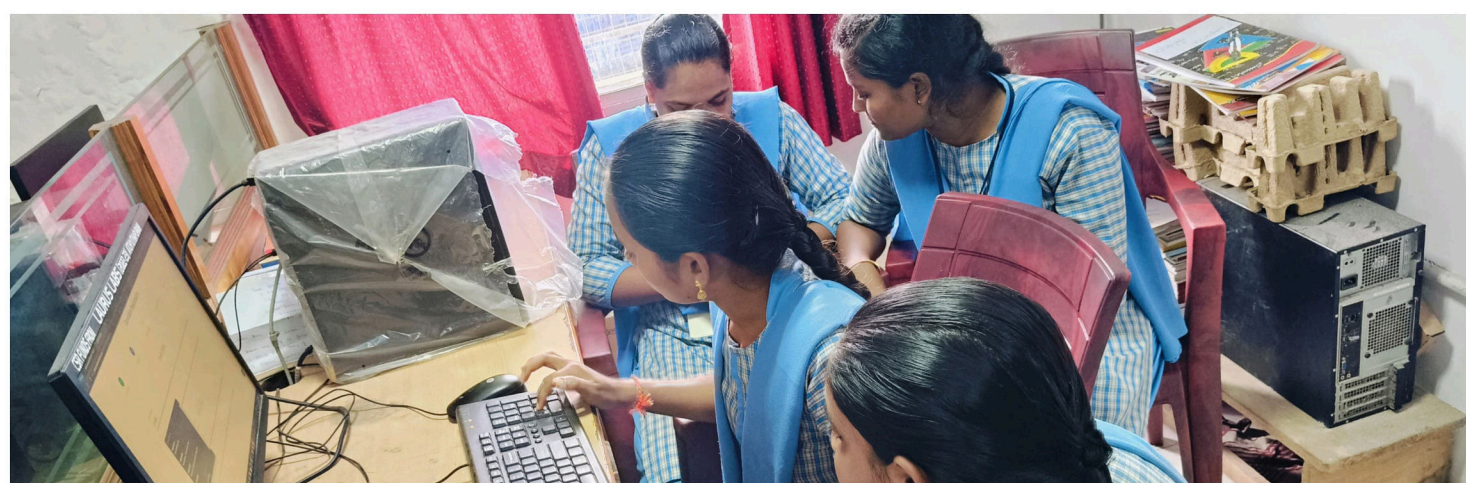

Faculty Qualified UGC NET in Two Different Subjects

Sri D. Sai Charan, a Lecturer in Computer Science, has achieved a remarkable academic accomplishment by qualifying the UGC NET in two distinct subjects: Population Studies and Computer Science. This dual qualification highlights his versatility and in-depth knowledge in both the fields of social sciences and technology. His expertise in Population Studies enables him to understand demographic trends, social structures, and population dynamics, while his proficiency in Computer Science allows him to stay at the forefront of modern technological advancements. This combination of skills makes him an invaluable educator, bridging the gap between diverse disciplines and contributing to a holistic academic environment.

Students Registered for Global Employability Test

Students from the Department of Computer Science have enthusiastically registered for the Global Employability Test, a renowned assessment designed to evaluate and enhance their career readiness. This initiative aims to provide students with an opportunity to benchmark their skills against global standards and gain insights into industry requirements. The test covers a range of competencies, including technical knowledge, problem-solving abilities, communication skills, and workplace adaptability. By participating in this assessment, students can identify their strengths, work on areas of improvement, and better prepare for the competitive job market. The department's proactive approach in encouraging students to take part in such initiatives highlights its commitment to fostering employability and professional excellence among its graduates.

Sri D.Sai Charan M.Sc,NET
Lecturer in Computer Science

19 OCT 2024

Birth Anniversary of Bill Gates

The Department of Computer Science celebrated the birth anniversary of Bill Gates, the co-founder of Microsoft and a renowned philanthropist, by organizing a series of activities to honor his contributions to technology and society. The celebration included discussions on his pioneering work in the software industry, his vision for global digital accessibility, and his significant impact on the tech world. Students and faculty members reflected on how Bill Gates' innovations have shaped the computing landscape and the world at large. This event not only celebrated his achievements but also inspired students to think creatively and contribute to technological advancements in their own careers.

International Animation Day

The Department of Computer Science celebrated International Animation Day, an event dedicated to recognizing the art and technology behind animation. The celebration included various activities such as presentations, workshops, and screenings of animated films, highlighting the evolution of animation techniques and their impact on entertainment, education, and technology. Students had the opportunity to learn about the history of animation, explore different styles and software used in the industry, and gain hands-on experience in creating animations. The event aimed to inspire creativity and innovation among students, fostering an appreciation for animation as both an art form and a technological field.

Case Study Project on 2D Animation

ANIMATING WITH PENCIL2D (A PRACTICAL CASE STUDY IN 2D ANIMATION)

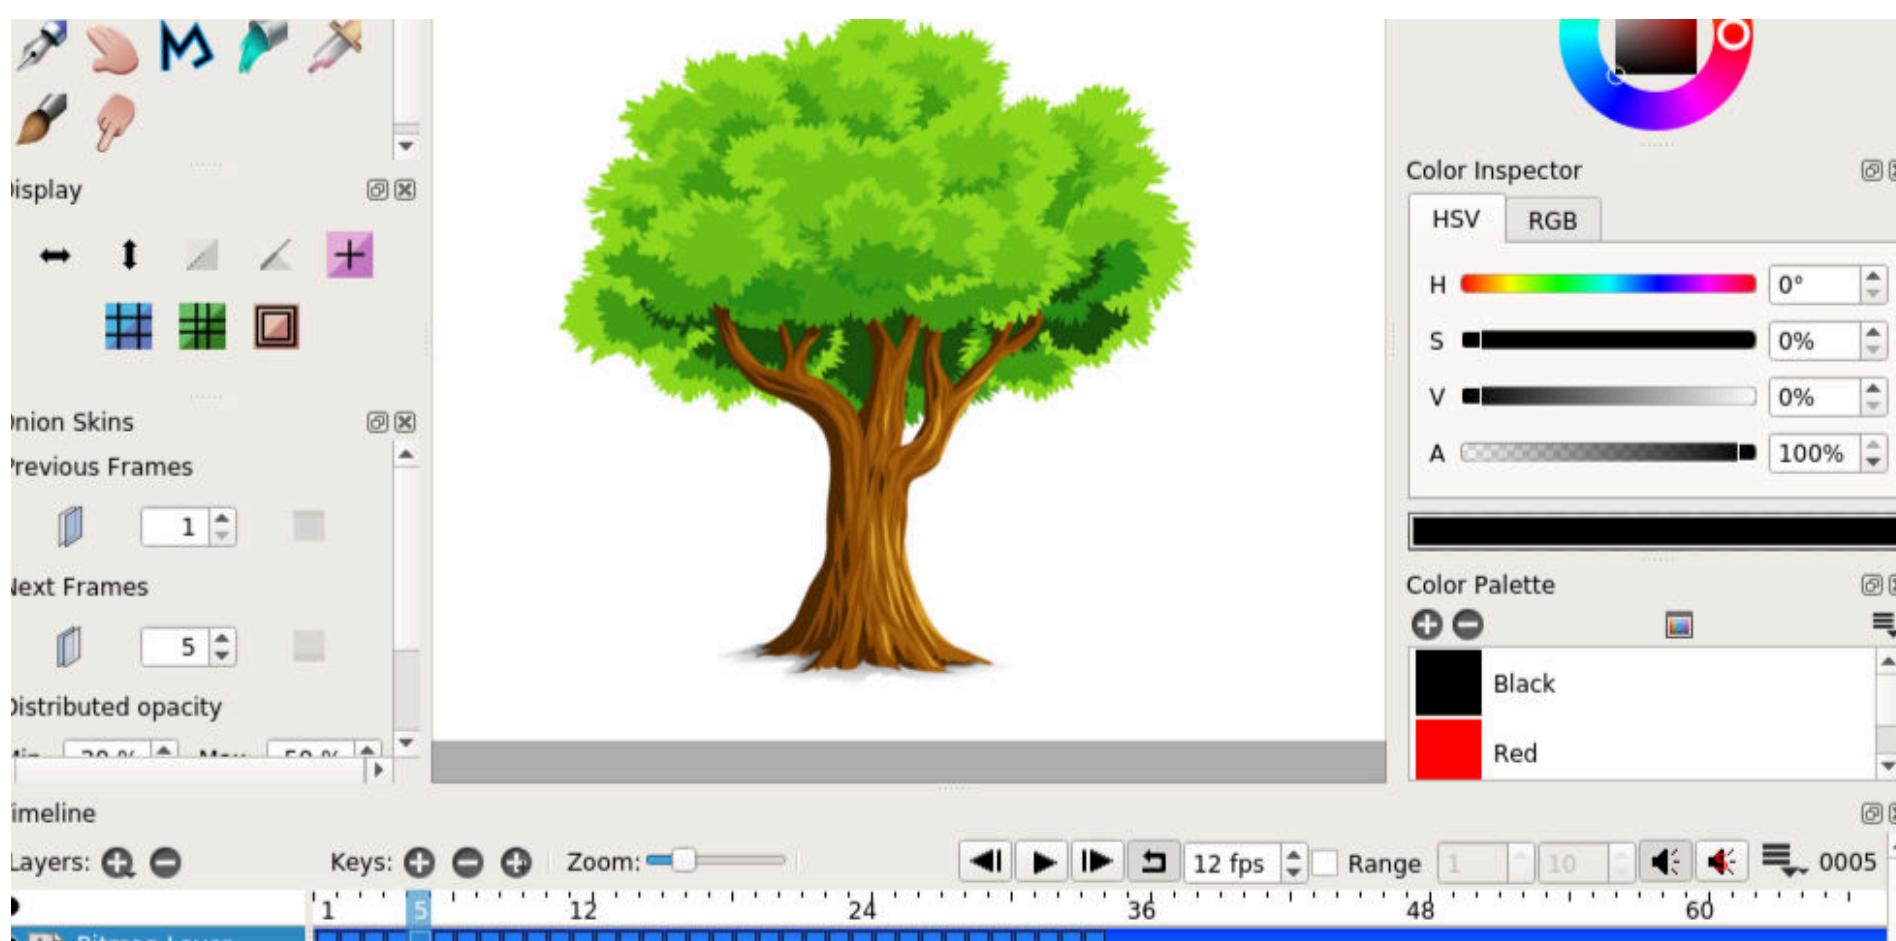

DEPARTMENT OF COMPUTER SCIENCE

Submitted to : Sri K.Venkanna, M.Sc, M.Tech, CSIR-NET,
Head of the Department

Guided by :

Sri D.Sai Charan,M.Sc,NET,
Lecturer in Computer Science &

Smt N.P Devi,MCA,M.Tech
Lecturer in Computer Science

The Department of Computer Science assigned a case study project to students on the topic of 2D animation using Pencil2D software. The project allowed students to explore the fundamentals of animation, from creating basic frames to developing fluid motion sequences. With the guidance of faculty, students worked on designing and animating characters and scenes, applying principles such as timing, spacing, and movement. The outcome was a collection of stunning animations that showcased the students' creativity and technical skills. This project not only enhanced their understanding of animation techniques but also allowed them to develop practical experience in using industry-standard tools, preparing them for future opportunities in the field.

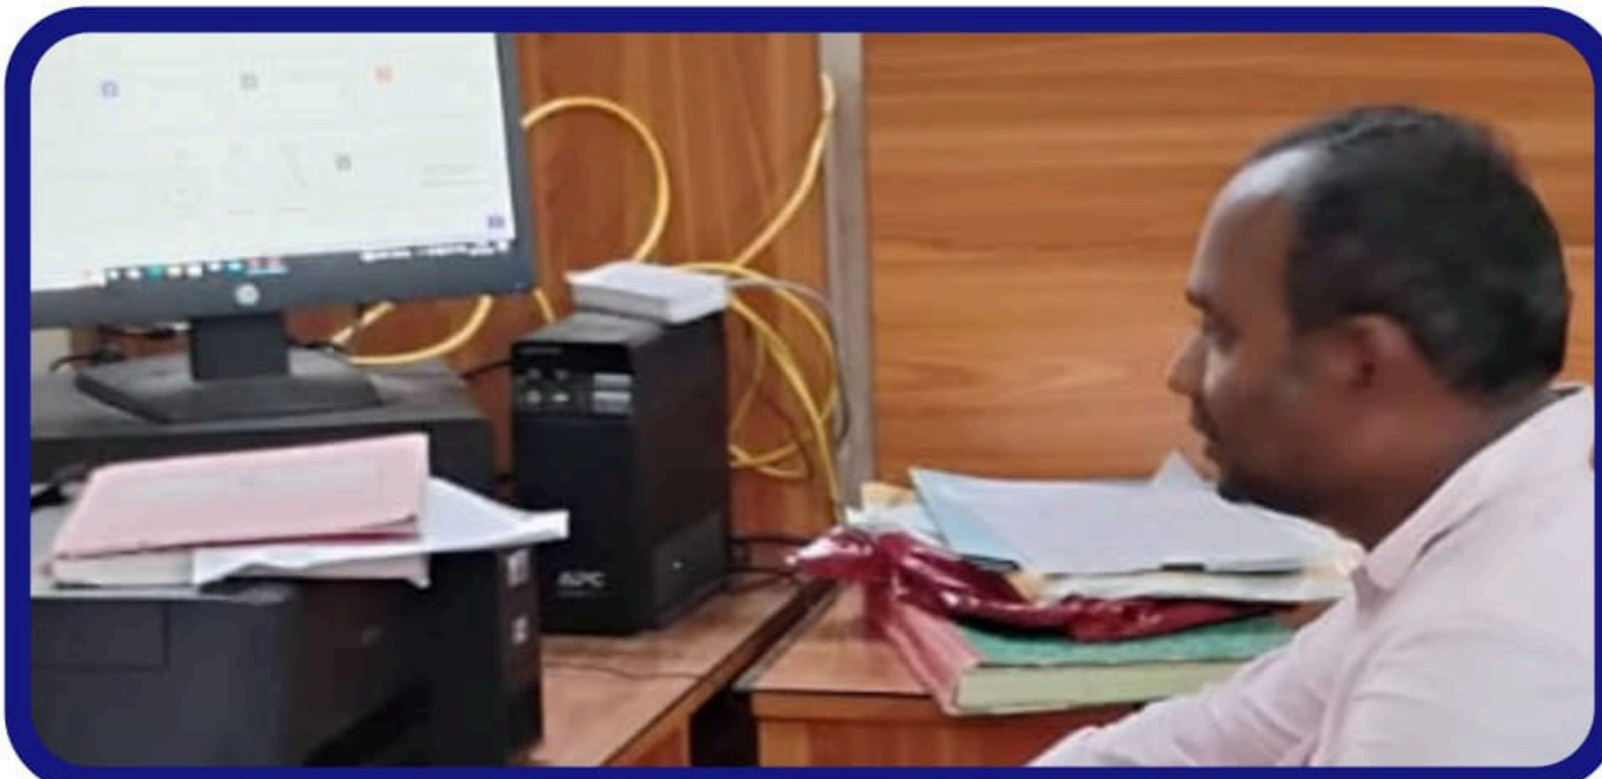

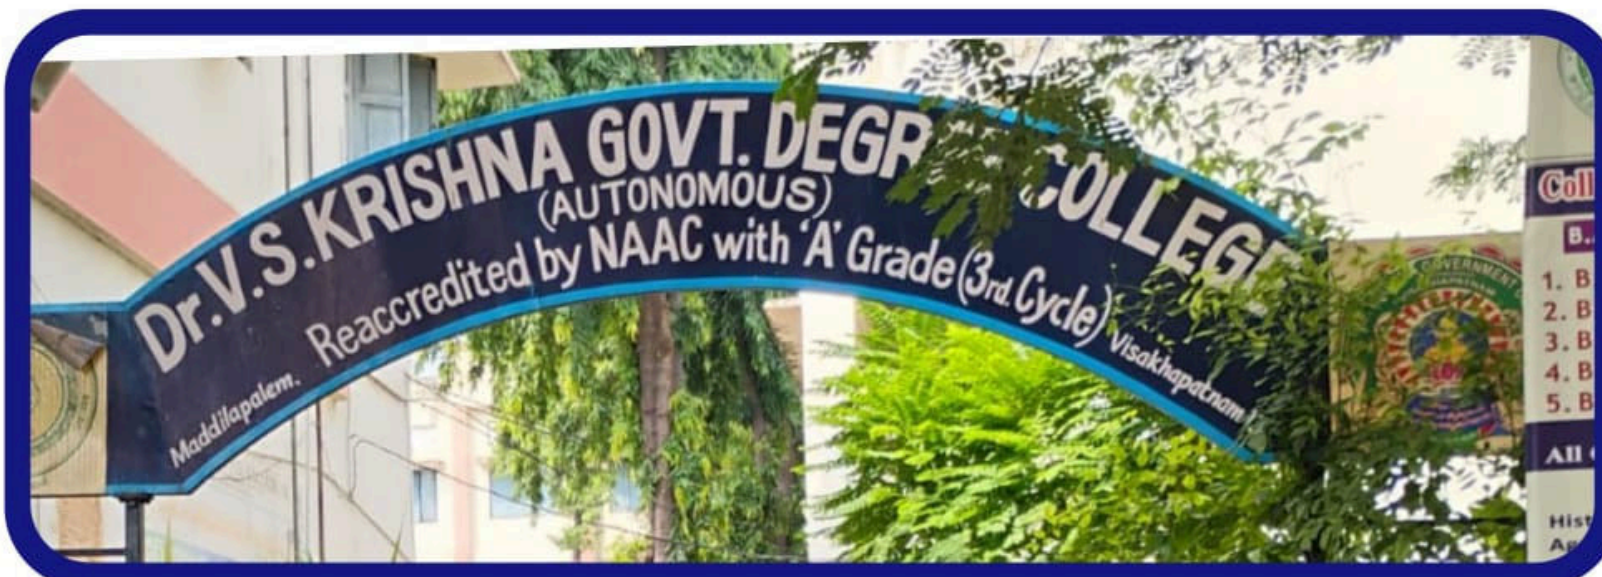

Students Contribution to Creation of College Newsletter

P. Pavan Kumar, a final-year student, and Manidhar, a first-year student, both from the Department of Computer Science, contributed significantly to the technical assistance in the creation of the college newsletter. Their efforts included handling the technical aspects such as layout design, content formatting, and ensuring smooth integration of digital tools for the newsletter's production. Their collaboration showcased not only their technical skills but also their ability to work together in supporting the college's communication efforts. The newsletter, made possible by their contributions, serves as an excellent platform to highlight college events, achievements, and news.

Extension Service by Librarian

Sri P. Visweswara Rao has been a cornerstone of the academic community at Dr. V.S.K. College, Visakhapatnam. As the librarian, he has diligently worked to enhance the library's resources, ensuring students and faculty have access to a wide array of books, journals, and digital materials. His commitment to fostering a culture of learning has been instrumental in making the library a hub of knowledge and intellectual growth. Beyond his professional responsibilities, Sri P. Visweswara Rao has actively contributed to the college's development. His initiatives in organizing workshops, book fairs, and literary events have enriched the educational environment. His approachable nature and willingness to guide students in their academic pursuits reflect his dedication to their success.

Extension Service by Librarian

Sri P. Visweswara Rao has been a cornerstone of the academic community at Dr. V.S.K. College, Visakhapatnam. As the librarian, he has diligently worked to enhance the library's resources, ensuring students and faculty have access to a wide array of books, journals, and digital materials. His commitment to fostering a culture of learning has been instrumental in making the library a hub of knowledge and intellectual growth. Beyond his professional responsibilities, Sri P. Visweswara Rao has actively contributed to the college's development. His initiatives in organizing workshops, book fairs, and literary events have enriched the educational environment. His approachable nature and willingness to guide students in their academic pursuits reflect his dedication to their success.
