The Principal

AQAR SUBMISSION

The college has successfully submitted the Annual Quality Assurance Report (AQAR), marking a significant milestone in its commitment to maintaining and enhancing quality in education. The AQAR serves as a comprehensive report detailing various academic and administrative activities, achievements, and challenges faced by the institution over the past year. This submission reflects the college's dedication to adhering to accreditation standards, improving teaching and learning processes, and ensuring continuous growth. The successful submission of the AQAR further underscores the college's focus on institutional development and quality assurance, paving the way for future academic advancements.

STAFF MEETING HELD AT PRINCIPAL CHAMBER

A staff meeting was held at the Principal's chamber, where various matters related to the preparation of the Board of Studies (BOS) and the autonomous works of the college were discussed. The meeting focused on streamlining academic processes, ensuring the smooth implementation of the BOS, and addressing issues related to the college's autonomous status. Faculty members provided their inputs on curriculum updates, evaluation methods, and other academic advancements. The discussions aimed at improving the overall educational framework and maintaining the high standards of the college's academic and administrative operations.

AUTONOMOUS EXAMINATION SOFTWARE INSTALLED

Autonomous Examination Software has been installed at the examination cell of the college to streamline and enhance the examination process. This software aims to automate various aspects of examination management, including paper setting, student registration, and result processing. It is designed to improve efficiency, accuracy, and transparency in the conduct of exams, providing a more organized and secure environment for both students and faculty. The implementation of this software marks a significant step towards modernizing the college's examination system.

ELECTED AS AU BADMANTION COACH

సాక్షి

ఏయూ బ్యాడ్మింటన్ కోచ్ గా పోలిరెడ్డి

WORKSHOP ON SEEK AND SEL

The Department of Telugu and Hindi conducted a workshop on "Seek and Sel," focusing on enhancing students' skills in effective communication, marketing, and entrepreneurship. The workshop provided participants with practical insights into identifying opportunities, understanding market dynamics, and selling ideas or products successfully. By engaging students in interactive sessions, the workshop aimed to empower them with the tools necessary to navigate the professional world and develop a strong entrepreneurial mindset.

WORKSHOP BY DEPT.OF PHYSICS

Workshop

The Department of Physics organized a workshop aimed at enhancing students' practical understanding of various physics concepts and experimental techniques. The workshop covered a range of topics, including modern physics, optics, electromagnetism, and the latest advancements in the field. Participants had the opportunity to engage in hands-on activities, interact with experts, and explore the applications of physics in real-world scenarios. The event was designed to foster curiosity .

RANGOLI COMPETITION BY NSS

The NSS (National Service Scheme) organized a Rangoli competition on the occasion of World AIDS Day, aiming to raise awareness about HIV/AIDS and promote the importance of prevention and support. Students participated by creating colorful and meaningful Rangoli designs that symbolized solidarity, compassion, and the fight against stigma associated with HIV/AIDS.

Sri K. Venkanna, a lecturer in Physics, has successfully applied for a utility patent, which has been approved. This achievement reflects his innovative approach and contribution to the field of physics, showcasing his ability to develop practical solutions with potential real-world applications. The approval of the patent highlights the significance of his work and its potential impact in advancing technology. This milestone not only enhances the academic reputation of the institution but also encourages students and faculty members to explore new ideas and innovations within their respective fields of study.

Dr. P. Chandrasekhar, the Principal, has successfully applied for a utility patent, which has now been approved. This achievement reflects his innovative approach and dedication to advancing technology and research. The approved utility patent represents a significant milestone, showcasing the practical application of an invention that offers unique solutions or improvements to existing processes or products. This accomplishment not only highlights Dr. Chandrasekhar's commitment to fostering creativity and innovation within the academic community but also sets a remarkable example for students and faculty members to explore and contribute to the field of research and development.

STUDENTS WON SILVER MEDALS

The students won silver medals in the Andhra University Inter-Collegiate Chess Competition, showcasing their exceptional strategic skills and determination. Their performance in the competition highlighted their talent and commitment to excellence in the game of chess. This achievement reflects the students' dedication to sports and the college's emphasis on fostering talent in various extracurricular activities. The silver medals stand as a testament to their hard work and teamwork.

YELLAMANCHILI - 531055, ANDHRA PRADESH

STUDENTS SELECTED FOR AU MENS HOCKEY TEAM

The students of the college have been selected to represent Andhra University in the Men's Hockey Team, a proud moment for the institution. This achievement highlights the dedication, skill, and hard work of the students in the sport. Their selection reflects the college's commitment to nurturing athletic talent and providing opportunities for students to excel in various sports. The college community is excited and supportive as the selected players prepare to represent the university in upcoming competitions, showcasing their talent and determination on a larger stage. This accomplishment serves as an inspiration to other students to pursue excellence in both academics and extracurricular activities.

RESEARCH PAPER PRESENTATION

Dr. K. Vijaya Lakshmi, a Lecturer in Botany, presented her research paper at an international seminar organized by the Department of Languages at the college. The seminar provided a platform for scholars and experts from various fields to share their research and foster interdisciplinary discussions. Dr. Lakshmi's presentation focused on a specific area of her botanical research, contributing valuable insights to the academic community.

RESEARCH PAPERS PRESENTATION

K. Venkanna, a lecturer in Physics, presented a research paper at the international seminar organized by the Department of Languages at the college. His presentation highlighted significant research findings in his field, contributing to the academic exchange of ideas among scholars and experts from various disciplines. The seminar provided a platform for interdisciplinary discussions, allowing participants to gain new perspectives and deepen their understanding of different academic areas.

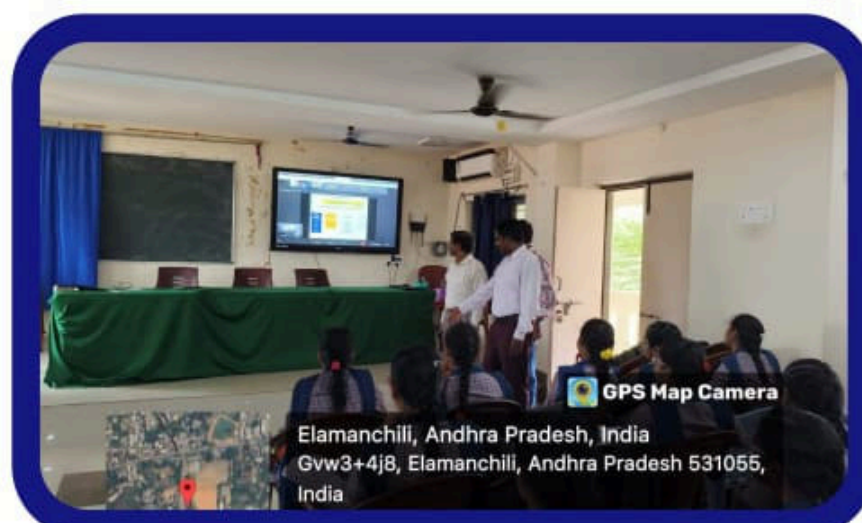

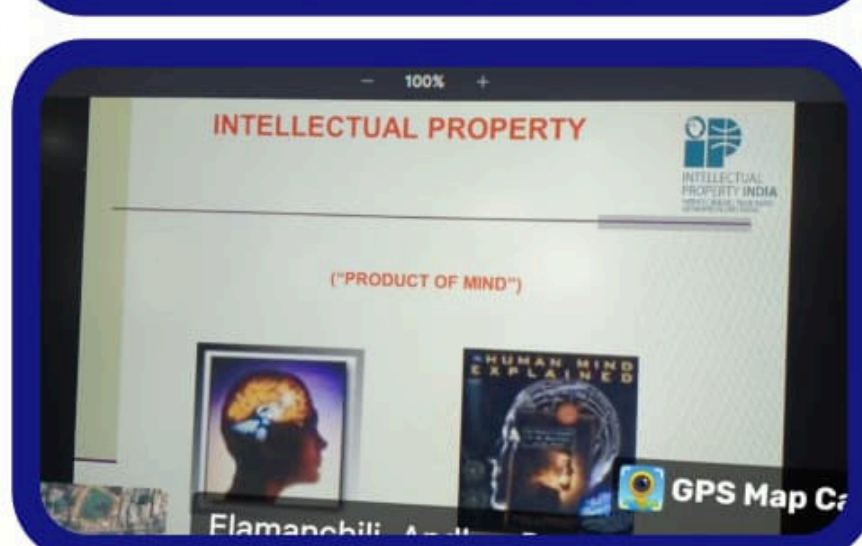

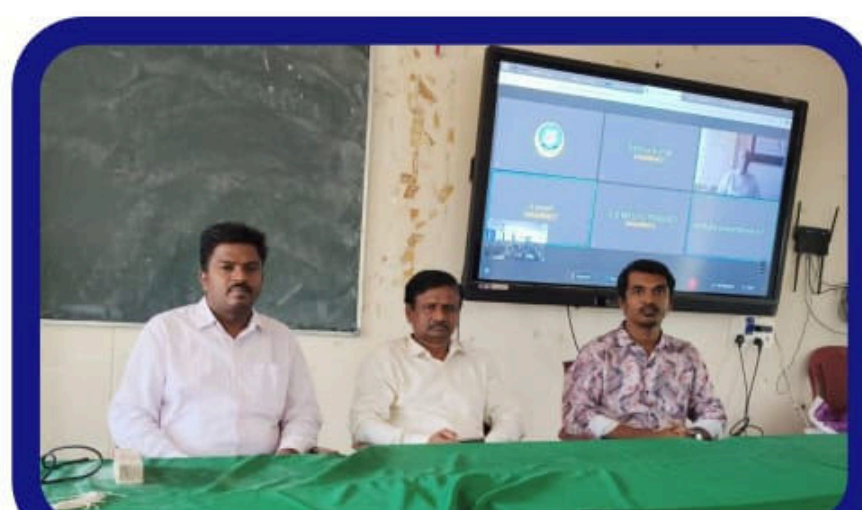

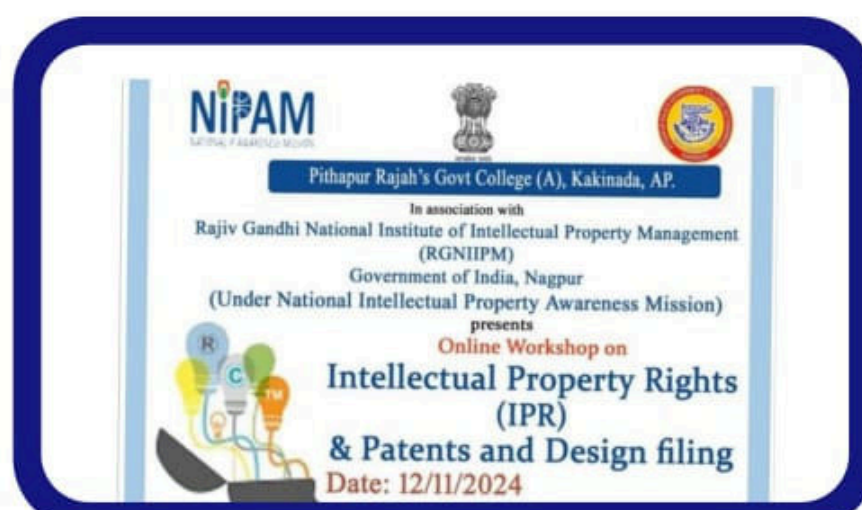

RESEARCH PAPERS PRESENTATION

D. Sai Charan, a lecturer in Computer Science, presented a research paper during an international seminar organized by the Languages Department of the college. His presentation focused on an innovative topic at the intersection of computer science and language studies, showcasing the interdisciplinary nature of modern research. The seminar provided a platform for scholars and researchers to exchange ideas, and D. Sai Charan's contribution added significant value to the discussions.

PARTICIPATED IN ONLINE WORKSHOP

The students of the college actively participated in an online workshop on Intellectual Property Rights (IPR) organized by PR College, Kakinada. This workshop provided them with valuable insights into the importance of intellectual property, its legal aspects, and its role in innovation and creativity. The session aimed to enhance their understanding of patent filing, copyright, trademarks, and related concepts, equipping them with knowledge that is essential for academic and professional growth in today's competitive environment.

PARTICIPATED IN NATIONAL WORKSHOP

Sri K. Venkanna, a faculty member in the Department of Physics, participated in a two-day National Workshop on MATLAB, gaining valuable insights into the application of MATLAB software in scientific research and data analysis. The workshop provided an in-depth understanding of MATLAB's capabilities, including its use in solving complex mathematical problems, simulating physical systems, and visualizing data. By engaging in hands-on sessions, Sri Venkanna enhanced his skills in leveraging MATLAB for both teaching and research purposes. This participation reflects the commitment to continuous professional development and staying updated with advanced tools that can enrich the learning experience for both faculty and students.

PARTICIPATED IN ONLINE REFRESHER COURSE

Dr. K. Sujatha, a Lecturer in Zoology, participated in an online refresher course on Gender Studies (Multidisciplinary) organized by the UGC-MMTTC. This course provided an opportunity to explore various aspects of gender studies from a multidisciplinary perspective, enhancing her knowledge and understanding of the subject in a modern context. The course was designed to offer valuable insights into the intersection of gender with different academic disciplines, helping participants expand their academic and professional expertise.

SVEEP PROGRAMME

The Systematic Voters' Education and Electoral Participation (SVEEP) program was successfully conducted, fostering greater awareness among students about the importance of voting and active participation in the democratic process. The program aimed to educate students on their rights and responsibilities as voters, the significance of elections, and the impact of informed voting on the nation's governance. Through various engaging activities, such as workshops, presentations, and discussions, students were encouraged to register as voters and understand the electoral process.

AWARENESS ON BUILDING A DRUG FREE SOCIETY

The Police Department, in collaboration with the college, conducted an awareness program on building a drug-free society. The initiative aimed to educate students about the dangers of drug abuse, its impact on individuals and society, and the importance of making informed and responsible choices. Officers shared valuable insights on preventive measures, legal consequences, and support systems available for those in need. The program inspired participants to take an active role in promoting a healthier and drug-free community.

DISTRIBUTED ID CARDS TO THE STUDENTS

The college distributed ID cards to the first-year students, marking an important step in formalizing their association with the institution. The ID cards serve as an official means of identification and provide access to various campus facilities and services. This initiative ensures better organization, security, and a sense of belonging among the new students as they embark on their academic journey.

APPRECIATING STUDENTS FOR THEIR DEDICATION TOWARDS COLLEGE

The Department of Computer Science appreciated students for their dedication and hard work in assisting with the preparation of the college newsletter. Their commitment to the project demonstrated not only their technical skills but also their contribution to enhancing the college's communication and engagement with the wider community. The department recognized their efforts in ensuring the timely and successful publication of the newsletter, highlighting the students' teamwork, creativity, and responsibility in the process.

STUDENTS ASSISTED IN PREPARATION OF COLLEGE NEWSLETTER

First-year students Manidhar and Gangadhar prepared the college newsletter under the guidance of Lecturer Sri D. Sai Charan. Their efforts contributed to the creation of a well-structured newsletter that highlighted important events, achievements, and updates related to the college community. The students demonstrated creativity and teamwork in gathering information, designing the layout, and ensuring that the content was engaging and informative. This initiative not only enhanced their skills in communication and publishing but also reflected the collaborative spirit encouraged by the college.

CAREER GUIDANCE TO FINAL YEAR STUDENTS

The Department of Computer Science conducted a career guidance session for final-year students, providing valuable insights and advice on various career opportunities in the field of computer science. The session aimed to help students make informed decisions about their future, offering guidance on job prospects, industry trends, and the skills required to succeed in the competitive job market. It was an informative event designed to equip students with the necessary knowledge to shape their careers effectively.

CAREER GUIDANCE

The Departments of History and Economics organized a career guidance session to provide students with valuable insights into various career opportunities available in their respective fields. The session featured experts and alumni who shared their experiences and offered practical advice on pursuing careers in academia, research, public service, and the private sector. Students were introduced to potential career paths such as economic analysis, policy-making, historical research, and museum studies, as well as emerging fields like data analytics and economic consultancy.

ALUMNI INTERACTION WITH STUDENTS

The interaction between the 2022 batch alumni and the present final-year students can be a valuable opportunity for knowledge sharing and inspiration. The alumni can share their experiences about life after college, including challenges they faced, lessons they learned, and insights about their professional journeys. Such interactions can guide current students in making informed career decisions, preparing for higher studies, or adapting to the workplace environment. Additionally, the alumni can offer practical advice on skill-building, networking, and personal growth, creating a motivating and enlightening experience for the students.

ATTENDED AS GUEST

Dr. A. Arjuna Apparao, a lecturer in Zoology, attended as one of the guests for the DSC Free Coaching program inaugurated by the District Collectorate. The program aims to provide free coaching to aspiring candidates preparing for the District Selection Committee (DSC) exams, offering them the resources and guidance needed to succeed. Dr. Arjuna Apparao's presence at the event added value and motivation to the initiative, encouraging students to make the most of the coaching opportunities available to them.

BOOK INAUGURATION

Dr. A. Arjuna Apparao, a lecturer in Zoology, inaugurated his new book with the esteemed presence of the District Collector. The event marked a significant achievement in Dr. Apparao's academic and literary journey. The District Collector's participation added prestige to the occasion, emphasizing the importance of scholarly contributions in the field of education and research. The book launch was an inspiring moment for both students and colleagues, highlighting Dr. Apparao's dedication to advancing knowledge in Zoology and his commitment to sharing his expertise with the wider community.

YELLAMANCHILI - 531055, ANDHRA PRADESH

ATTENDED AS EXTERNAL EXAMINER

Sri D. Sai Charan, a distinguished lecturer, served as an external examiner for the practical examinations at ASK Polytechnic College, Anapalli. His expertise and thorough evaluation contributed to maintaining the academic standards of the examination process, ensuring fair and comprehensive assessment of the students' practical knowledge and skills.

MATERIALS AND CHEMICALS PROCURED

The college has procured essential materials and chemicals required for the chemistry laboratory to enhance practical learning and facilitate smooth conduct of experiments. This initiative aims to provide students with a well-equipped laboratory environment, enabling them to gain hands-on experience and deepen their understanding of various chemical processes and reactions. The availability of these resources ensures adherence to academic standards and supports the overall development of practical skills in chemistry.

YELLAMANCHILI - 531055, ANDHRA PRADESH

SECURED FIRST RANK IN AU

Kum. V. Ramya Sri, a dedicated lecturer in Hindi, achieved a remarkable milestone by securing the first rank in the Andhra University PG examinations. Her exceptional academic performance stands as a testament to her hard work, passion for the subject, and commitment to excellence. This accomplishment not only brings pride to her institution but also serves as an inspiration to her colleagues and students, highlighting the importance of perseverance and dedication in achieving academic and professional success.

FLAG HOSTED ON THE OCCASION OF NATIONAL LIBRARY WEEK

Dr. P. Chandra Sekhar, the principal, hoisted the national flag on the occasion of National Library Week celebrations at the public library in Yellamanchili. His gesture symbolized the importance of libraries as pillars of knowledge and the nation's cultural heritage. The event was a reminder of the valuable role libraries play in promoting education and intellectual growth, and it encouraged the community to utilize library resources for personal and academic development. The flag hoisting ceremony added a sense of pride and unity to the celebrations.

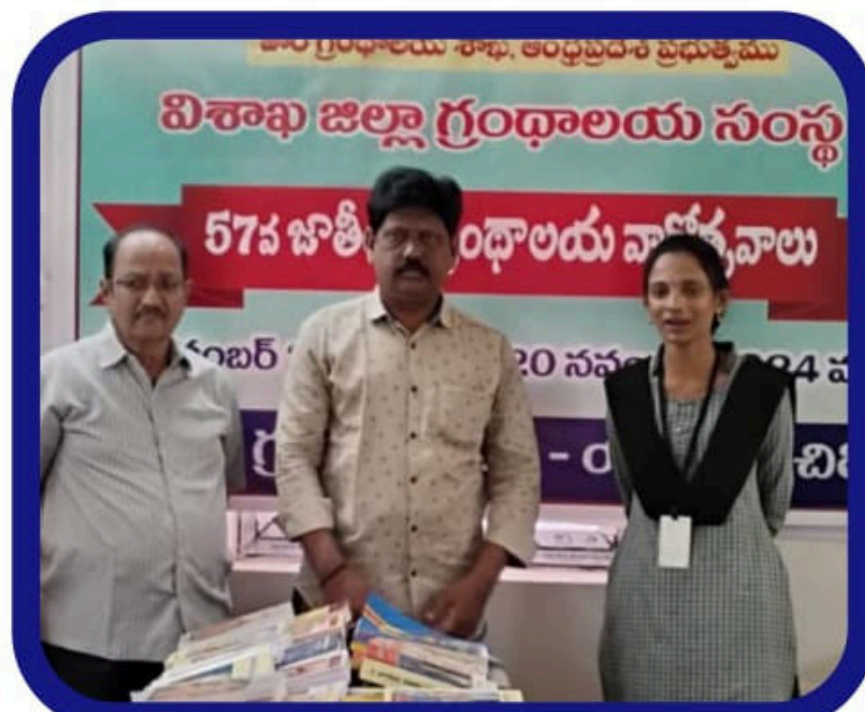

ATTENDED AS CHIEF GUEST

Sri P. S. Jagga Rao attended as the chief guest for the National Library Week celebrations held in Yellamanchili. In his address, he emphasized the importance of libraries as centers of knowledge and learning, encouraging students and the community to make effective use of library resources. He highlighted the role of reading in personal growth and intellectual development, inspiring attendees to cultivate a habit of lifelong learning. His presence added significance to the event, making it a memorable occasion for all.

STUDENTS ATTENDED BOOK EXHIBITION

The students of the college attended a book exhibition at the public library in Yellamanchili. The exhibition showcased a wide variety of books across different genres, providing students with an opportunity to explore new topics and expand their knowledge. It also encouraged a love for reading and learning beyond the classroom. The event allowed students to interact with authors, publishers, and fellow book enthusiasts, fostering a culture of reading and intellectual curiosity within the community.

HANDS ON TRAINING PROGRAMME

The Department of Zoology, in collaboration with Surya Medical Lab, conducted a hands-on training program for the students. This initiative aimed to provide practical exposure to laboratory techniques and procedures relevant to the field of medical diagnostics. The training included demonstrations and practice sessions, enabling students to enhance their technical skills and gain valuable insights into real-world applications. Such programs bridge the gap between theoretical knowledge and practical expertise, preparing students for future academic and professional pursuits.

ATTENDED AS CHIEF GUEST

Dr. P. Chandra Sekhar, the Principal, attended as the chief guest at the National Library Week ending ceremony held at the Public Library in Yellamanchili. During the event, Dr. Sekhar highlighted the importance of libraries in promoting education and knowledge sharing, emphasizing their role in the development of communities. His presence at the ceremony underscored the college's commitment to supporting educational initiatives and fostering a culture of learning beyond the classroom.

HANDS ON TRAINING TO THE STUDENTS

The Department of Chemistry conducted a hands-on training session for the students at the laboratory. This practical training allowed students to apply theoretical concepts in real-world experiments, enhancing their understanding of chemical reactions, lab techniques, and safety protocols. The session aimed to improve students' practical skills, boost their confidence in handling chemicals and equipment, and prepare them for future academic and professional challenges in the field of chemistry.

The Department of Zoology organized an extension lecture cum awareness program on the occasion of World Diabetes Day. The event aimed to educate students and attendees about the causes, prevention, and management of diabetes, highlighting its global impact on health. Expert speakers shared insights into maintaining a healthy lifestyle, the role of diet and exercise, and advancements in diabetes research. The program successfully raised awareness about this critical health issue and emphasized the importance of early detection and proactive measures for a healthier future.

GUEST LECTURE BY DEPT. OF MATHS

The Department of Mathematics organized a guest lecture on the topic of "Cyclic Groups," providing students with valuable insights into an important concept in abstract algebra. The lecture, delivered by a distinguished expert in the field, explored the properties and applications of cyclic groups, which are groups generated by a single element. The session covered key concepts such as the order of an element, the structure of cyclic groups, and their relevance in various areas of mathematics and cryptography. The lecture offered an interactive platform for students to deepen their understanding of group theory and its foundational role in modern mathematics. It was an enriching experience, enhancing the academic knowledge of students and inspiring further interest in the subject.

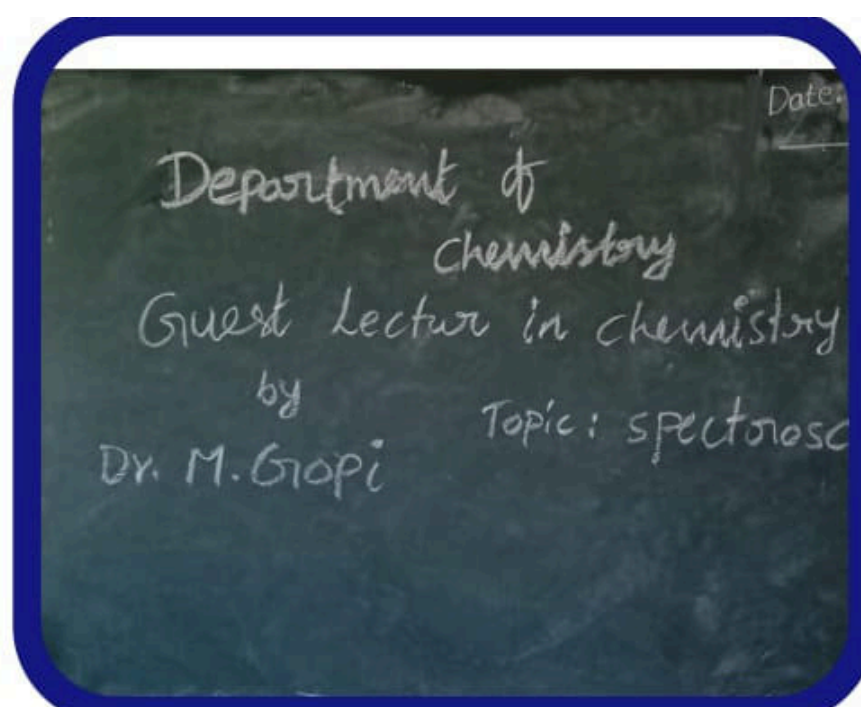

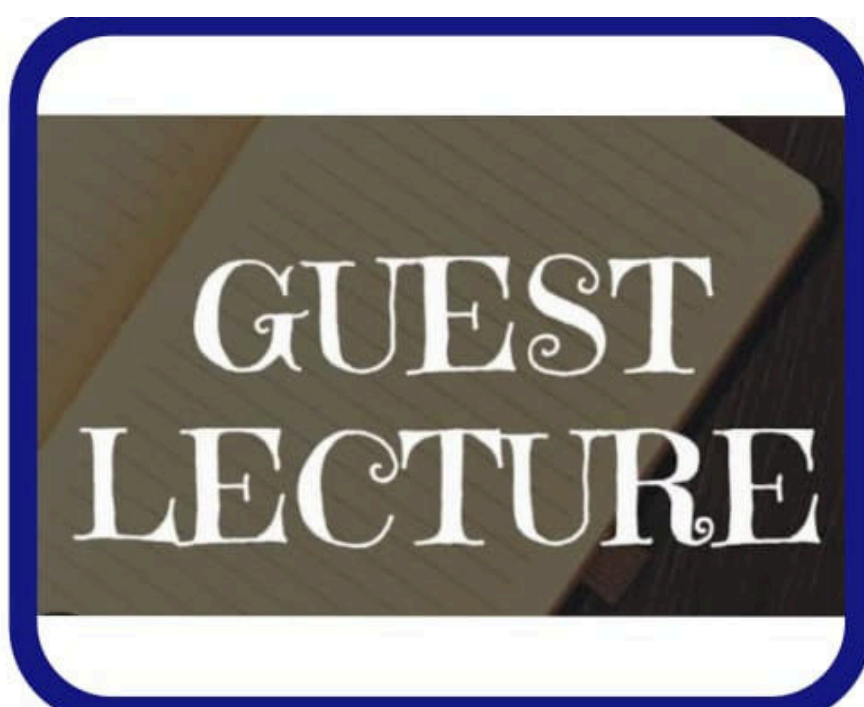

GUEST LECTURE BY DEPT.OF BOTANY

The Department of Botany organized a guest lecture featuring an expert in the field of botany, who shared valuable insights into various aspects of plant science. The lecture covered topics such as plant physiology, biodiversity, conservation, and the latest research trends in botany. Students had the opportunity to learn from the guest speaker's expertise, engage in interactive discussions, and deepen their understanding of plant-related topics. The event aimed to inspire students to pursue further studies in botany and appreciate the significance of plants in the environment and ecosystem.

GUEST LECTURE BY DEPT. OF CHEMISTRY

Dr. M. Gopi, a distinguished guest speaker, recently delivered an insightful guest lecture in the Department of Chemistry. The lecture focused on cutting-edge research in the field of [insert specific topic, e.g., "nanomaterials," "organic synthesis," "green chemistry," etc.], exploring its applications and future potential in addressing global challenges. Dr. Gopi's expertise and experience in the field captivated students and faculty alike, fostering engaging discussions about the latest developments in chemistry and their real-world implications.

GUEST LECTURE BY DEPT. CHEMISTRY

The Department of Chemistry organized a guest lecture where an expert in the field shared in-depth knowledge on various topics related to chemistry, including recent advancements and emerging trends in the discipline. The lecture focused on the practical applications of chemistry in industries such as pharmaceuticals, environmental science, and materials development. Students had the opportunity to interact with the guest speaker, gaining valuable insights that enhanced their understanding of the subject.

NATIONAL CONSTITUTION DAY

National Constitution Day was celebrated by the NSS College to honor the adoption of the Indian Constitution on November 26, 1949. The event aimed to instill a deeper understanding of the Constitution's significance and the principles it upholds, such as justice, equality, and liberty. Students and faculty participated in various activities, including reading the Preamble, discussions on the Constitution's relevance in contemporary society, and interactive sessions that highlighted the fundamental rights and duties of citizens. The celebration served as a reminder of the importance of constitutional values in strengthening India's democracy and fostering responsible citizenship.

NATIONAL CONSTITUTION DAY

National Constitution Day was celebrated by the Departments of History and Economics, marking the adoption of the Constitution of India on November 26, 1949. The event aimed to raise awareness about the significance of the Constitution and its role in shaping the democratic framework of India. Students and faculty from both departments participated in discussions, debates, and activities centered around the core principles enshrined in the Constitution, such as justice, equality, and liberty.

WORLD ANTIMICROBIAL AWARENESS WEEK

The Department of Botany organized an event in observance of World Antimicrobial Awareness Week, aiming to raise awareness about the importance of using antimicrobial medicines responsibly. The week-long initiative focused on educating students and faculty about the challenges of antimicrobial resistance (AMR) and the critical role that proper use of antibiotics and other antimicrobial agents plays in combating resistant infections.

BIRTH ANNIVERSARIES

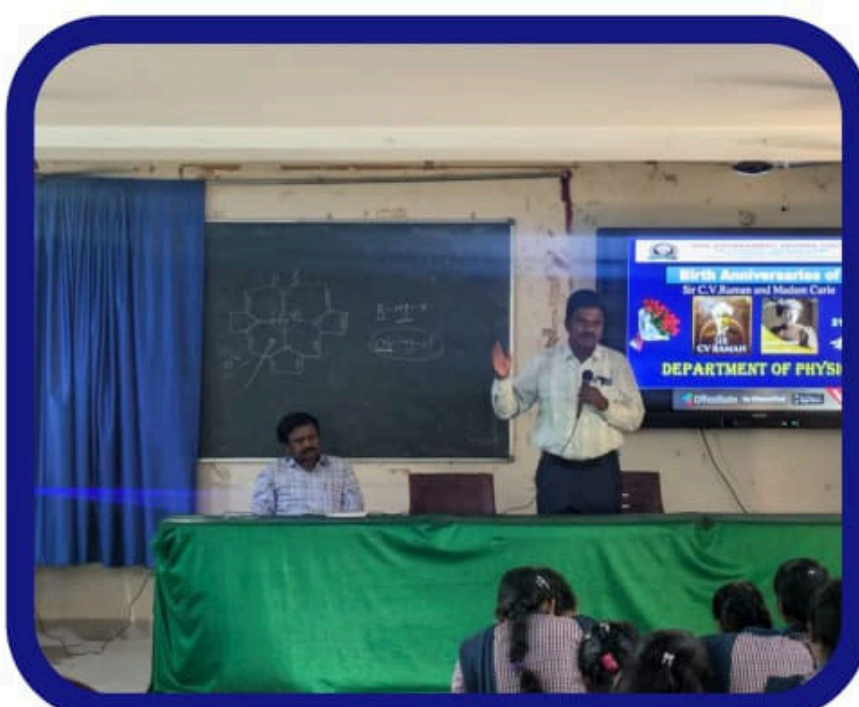

Birthday of two Great Minds

C.V. Raman

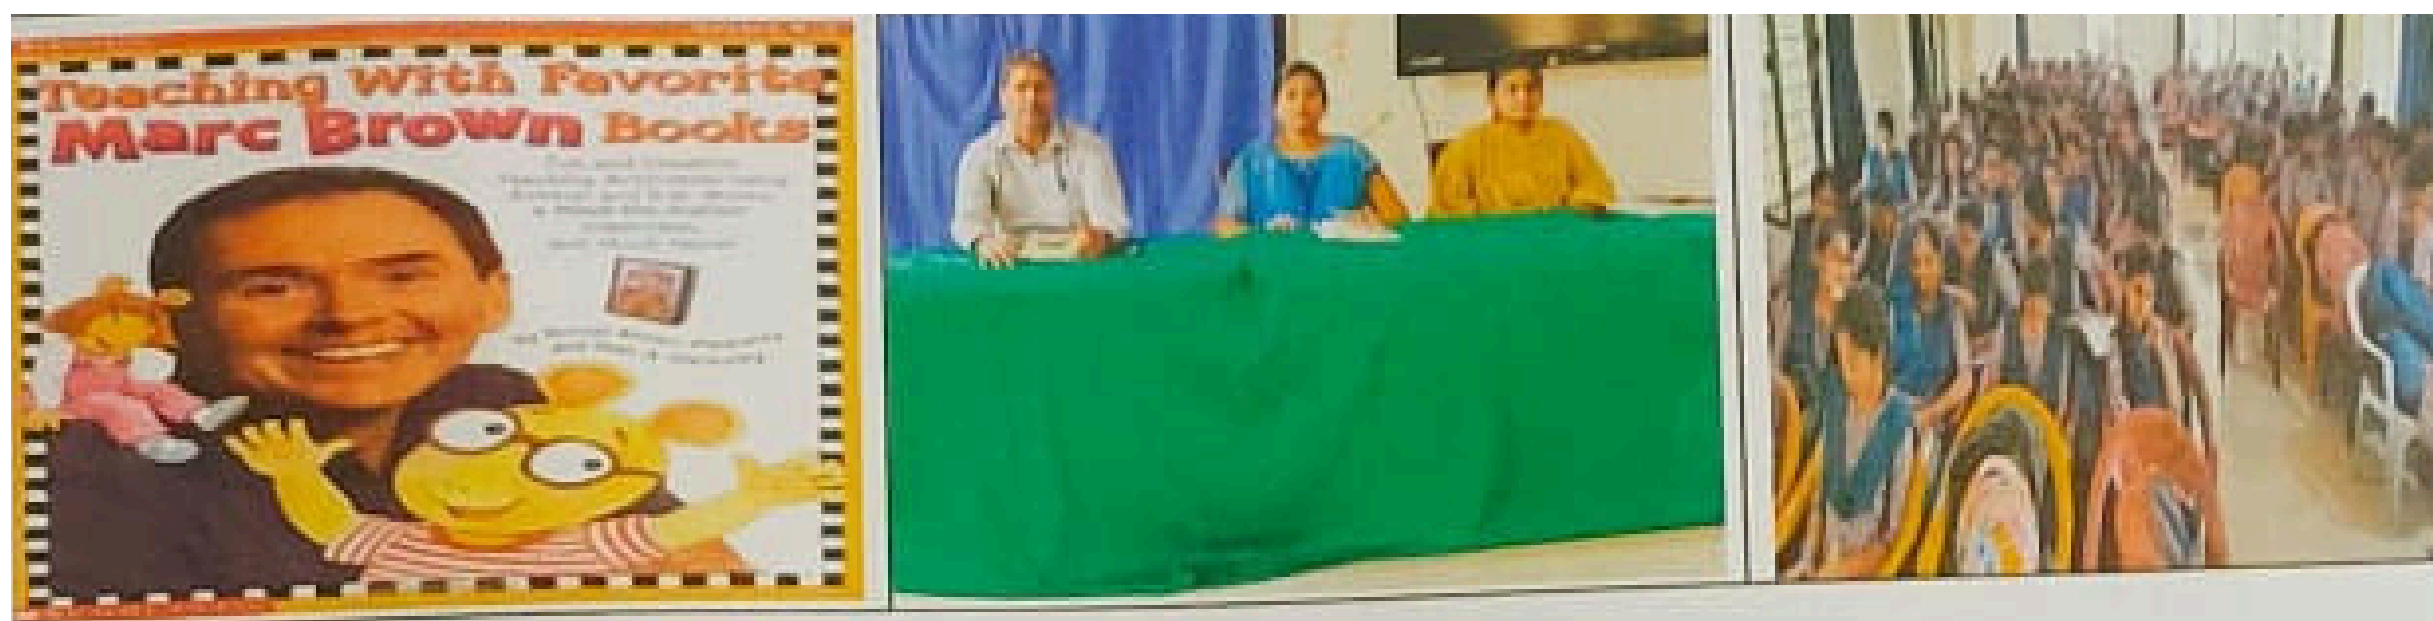

Marie Curie

The Department of Physics celebrated the birth anniversaries of two pioneering scientists, C.V. Raman and Madame Curie, honoring their groundbreaking contributions to science. C.V. Raman, an eminent Indian physicist, is best known for discovering the Raman Effect, which earned him the Nobel Prize in Physics in 1930. His work has had a profound impact on the study of light scattering and its applications in various scientific fields. Madame Curie, a renowned physicist and chemist, made significant advancements in the study of radioactivity, becoming the first woman to win a Nobel Prize and the only person to win Nobel Prizes in two different scientific fields (Physics and Chemistry).

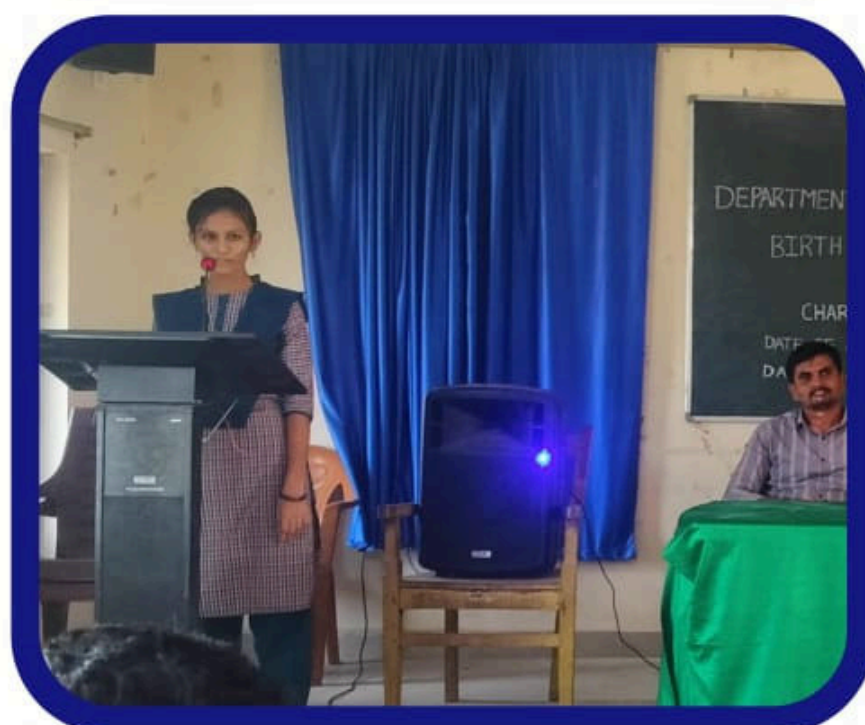

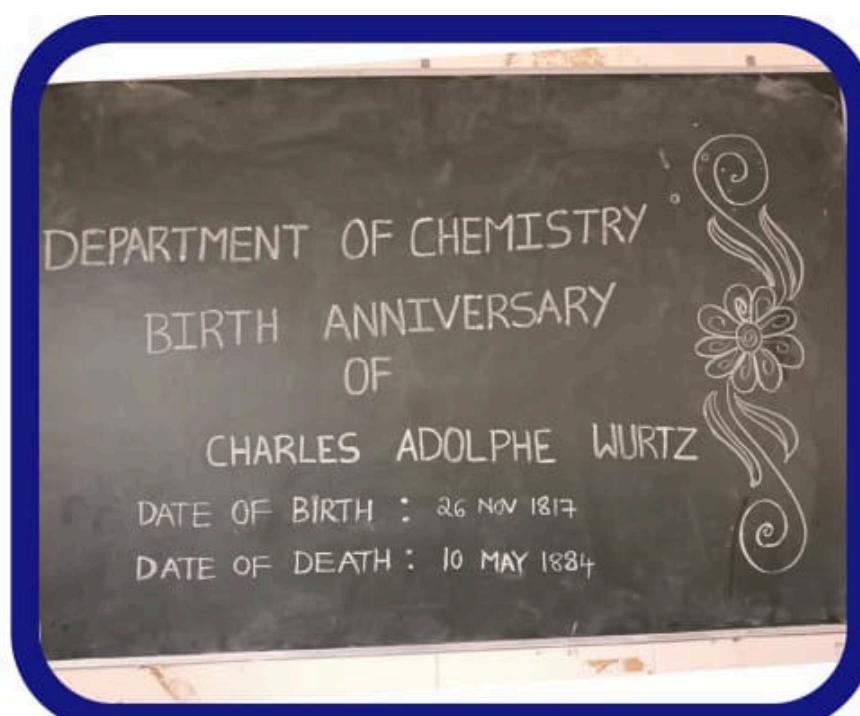

BIRTH ANNIVERSARY OF MARC TOLON BROWN

The Department of English celebrated the birth anniversary of Marc Tolon Brown, a renowned author and illustrator, best known for his beloved children's book series featuring the character Arthur. The event was marked by various activities, including discussions on his literary contributions and the impact of his work on children's literature. Students and faculty members engaged in reflecting on the themes of his stories, which often highlight important life lessons such as friendship, family, and perseverance. The celebration aimed to inspire students to explore Brown's work and recognize the importance of storytelling in shaping young minds.

BIRTH ANNIVERSARY OF CHARLES WURTZ

The Department of Chemistry celebrated the birth anniversary of Charles Wurtz, a renowned French chemist known for his contributions to organic chemistry, particularly in the development of the Wurtz reaction. The event included discussions on his scientific achievements and their impact on modern chemistry. Faculty and students participated in the celebration, reflecting on Wurtz's legacy in advancing the understanding of chemical reactions and organic compounds.

STUDENTS PARTICIPATED IN CHESS COMPETITION

Students from the college participated in the Andhra University Inter-Collegiate Chess Competition, showcasing their strategic skills and competitive spirit. The event provided a platform for students to compete against peers from various colleges, fostering teamwork, critical thinking, and sportsmanship. Their participation in this prestigious competition highlighted the college's commitment to encouraging extracurricular activities and promoting a well-rounded education for its students.

FRIENDLY HOCKEY MATCH BETWEEN STUDENTS

A friendly hockey match was organized between the students of the college and Government Degree College, Nakapalli. The match provided an opportunity for students from both institutions to engage in healthy competition and build camaraderie through sports. It highlighted the importance of teamwork, physical fitness, and sportsmanship, offering participants a chance to showcase their skills and enjoy the spirit of friendly rivalry. The event fostered a sense of unity and collaboration between the two colleges.

DISTRIBUTED BLANKETS TO THE NEEDY

Dr. Arjuna Apparao, a lecturer in Zoology, recently extended a helping hand to the less fortunate by distributing blankets to those in need within the community. This charitable act reflects his dedication to social welfare and his compassion for the underprivileged, especially during the colder months. Through this gesture, Dr. Apparao not only provided physical warmth but also spread a message of care and solidarity, encouraging others to contribute to the betterment of society.

CONTRIBUTED COMPETITIVE BOOKS

Dr. A. Arjuna Apparao, Lecturer in Zoology, contributed competitive books to the college library, enhancing the resources available for students preparing for competitive exams. His thoughtful donation aims to provide students with valuable study materials, supporting their academic growth and helping them better prepare for various exams. This contribution reflects Dr. Apparao's commitment to supporting the educational development of students and enriching the college library's collection.
